CHAPTER - 1

INTRODUCTION

Tamil Nadu has a well-established healthcare infrastructure supported by an extensive network of medical institutions that cater to the diverse healthcare needs of its population. The State has a wide network of Government hospitals, Primary Health Centres (PHCs), Community Health Centres (CHCs), and specialty hospitals. These Government healthcare institutions are equipped with modern medical technology and staffed by qualified healthcare professionals. They provide a comprehensive range of services, including emergency care, outpatient consultations, inpatient treatment, surgical procedures, and specialized medical interventions.

The Health and Family Welfare Department comprises various Directorates, Societies and CorporationsayU that are responsible for delivering a wide range of healthcare services to the people of Tamil Nadu

The details of the employees working under the Health and Family Welfare Department are as follows:

Table 1: Details of Total number of posts sanctioned

Sl. No.	Name of the Department	No. of posts Sanctioned
1.	Directorate of Public Health and Preventive Medicine	56,047
2.	Directorate of Medical Education and Research	57,041
3.	Directorate of Medical and Rural Health Services	22,300
		ESI - 5,299

Sl. No.	Name of the Department	No. of posts Sanctioned
4.	Directorate of Indian Medicine and Homoeopathy	4,241
5.	Directorate of Family Welfare	2,621
6.	Commissionerate of Food Safety and Drugs Administration	904
7.	Directorate of Drugs Control	511
8.	Tamil Nadu State Health Transport Department	669
9.	Medical Services Recruitment Board	21

Apart from this, the details of the staff position of the various Mission, Projects and Programmes, some are deputation and other continue till the completion of the Projects or Programme, are as follows:

Table 2: Staff position under NHM, TANSACS, TNMSC & TNHSP

a.	National Health Mission – Tamil Nadu	9,311
b.	Tamil Nadu State AIDS Control Society (including contractual staff)	2,677
c.	Tamil Nadu Medical Services Corporation	536
d.	Tamil Nadu Health System Project	56
Total		**12,580**

Certain specific contracted staff under State Health Society and other outsourced staff are not included.

The details of various programmes implemented by this department and policies on various health issues have been detailed in the policy note. The function and performance of the various Directorates and Programmes are detailed in the following chapters.

CHAPTER - 2

DIRECTORATE OF MEDICAL EDUCATION AND RESEARCH

The Medical Colleges and attached Hospital has role of ensuring the high Quality of Medical Services, by creating adequate human resources for the State and also promoting adequate Medical Research.

The Directorate has 36 Medical Colleges, 3 Dental Colleges, 1 Multi Super Specialty Hospital and 1 Super Specialty Hospital under it, in addition to the Hospitals and Dispensaries attached to the various Medical Colleges. Brief details of the Hospitals attached to the Medical Colleges are given below:

Table 1: Details of Medical Colleges and attached Hospitals

S. No.	Name of the Medical College		Name of the attached Hospitals
1	Madras Medical College, Chennai	1	Rajiv Gandhi Government General Hospital, Chennai
			Dispensaries attached: i). Secretariat Dispensary, Chennai ii). Government MLA Hostel Dispensary, Chennai iii). Raj Bhavan Dispensary, Guindy, Chennai iv). Madras High Court Dispensary, Chennai v). Government Dispensary, Queen Mary's College, Chennai vi). Chepauk Dispensary, Chennai vii). Government Lady Willington Dispensary, Chennai
		2	Government Periyar Hospital, Periyar Nagar, Chennai
		3	Regional Institute of Ophthalmology and Government Ophthalmic Hospital, Egmore, Chennai

S. No.	Name of the Medical College		Name of the attached Hospitals
		4	Institute of Obstetrics and Gynecology and Government Hospital for Women and Children, Egmore, Chennai
		5	Government Institute of Rehabilitation Medicine, K.K. Nagar, Chennai
		6	Institute of Child Health and Hospital for Children, Egmore, Chennai
		7	Institute of Social Obstetrics and Government Kasturba Gandhi Hospital for Women and Children and General Hospital, Triplicane, Chennai
		8	Institute of Thoracic Medicine, Chetpet, Chennai
		9	Institute of Mental Health, Kilpauk, Chennai
		10	National Centre of Ageing, Guindy, Chennai
2.	Government Stanley Medical College, Chennai	11	Government Stanley Hospital, Chennai
		12	Government Peripheral Hospital, Tondiarpet
		13	Government RSRM Lying in Hospital, Chennai
		14	Government Hospital for Thoracic Medicine, Tambaram, Chennai
3.	Government Kilpauk Medical College, Chennai	15	Government Kilpauk Medical College Hospital, Chennai
			Dispensaries attached: i). Modern Medicine Dispensary, Chennai ii). Tod Hunter Nagar Dispensary, Chennai iii). DPI Complex Dispensary, Chennai
		16	Government Peripheral Hospital, Anna Nagar, Chennai

S. No.	Name of the Medical College		Name of the attached Hospitals
		17	Government Tiruvotteeswarar Hospital for Thoracic Medicine, Otteri, Chennai
		18	Institute of Non-Communicable Diseases Government Royapettah Hospital, Royapettah, Chennai – 600 014
		19	Government Peripheral Hospital, K.K.Nagar, Chennai
4.	Government Medical College, Chengalpattu	20	Government Chengalpattu Medical College Hospital, Chengalpattu
		21	Government Arignar Anna Memorial Cancer Hospital, Karapettai, Kancheepuram
5.	Government Medical College, Thanjavur	22	Government Thanjavur Medical College Hospital, Thanjavur
		23	Government Raja Mirasudar Hospital, Thanjavur
6.	Government Madurai Medical College, Madurai	24	Government Rajaji Hospital, Madurai Dispensary attached: i). Goverment High Court Dispensary, Madurai
		25	Government Hospital, Balarangapuram, Madurai
		26	i). Government Infectious Disease Hospital, Thoppur, Madurai ii). Government Cholera Collection Centre, Thoppur, Madurai iii). Government Hospital for Thoracic Medicine, Thoppur, Madurai
7.	Government Tirunelveli Medical College, Tirunelveli	27	Government Tirunelveli Medical College Hospital, Tirunelveli
		28	PA. Ramaswamy Memorial Government Hospital, Kandigaiperi Tirunelveli

S. No.	Name of the Medical College		Name of the attached Hospitals
8.	K.A.P. Viswanatham Government Medical College, Tiruchirapalli	29	Mahatma Gandhi Memorial Government Hospital, Tiruchirapalli i). Government College of Physiotherapy, Tiruchirappalli.
		30	Government Rajaji T.B. Hospital, Tiruchirapalli.
9.	Government Coimbatore Medical College, Coimbatore	31	Government Coimbatore Medical College Hospital, Coimbatore
10.	Government Mohan Kumaramangalam Medical College, Salem	32	Government Mohan Kumaramangalam Medical College Hospital, Salem
		33	Government Peripheral Hospital, Ammapet, Salem
11.	Government Thoothukudi Medical College, Thoothukudi	34	Government Thoothukudi Medical College Hospital, Thoothukudi
12.	Government Vellore Medical College, Vellore	35	Government Vellore Medical College Hospital, Vellore
13.	Government Kanyakumari Medical College, Nagarcoil	36	Government Kanyakumari Medical College Hospital, Nagarcoil
14.	Government Theni Medical College, Theni	37	Government Theni Medical College Hospital, Theni
15.	Government Dharmapuri Medical College, Dharmapur	38	Government Dharmapuri Medical College Hospital, Dharmapuri
16.	Government Viluppuram Medical College, Villpuram	39	Government Viluppuram Medical College Hospital, Viluppuram
17.	Government Tiruvarur Medical College, Tiruvarur	40	Government Tiruvarur Medical College Hospital, Tiruvarur
18.	Government Tiruvannamalai Medical College, Tiruvannamalai	41	Government Tiruvannamalai Medical College Hospital, Tiruvannamalai

S. No.	Name of the Medical College		Name of the attached Hospitals
19.	Government Sivagangai Medical College, Sivagangai	42	Government Sivagangai Medical College Hospital, Sivagangai
20.	Government Medical College at Omandurar Government Estate, Chennai	43	Government Medical College Hospital, Omandurar Government Estate, B-Block, Chennai
		44	Government Peripheral Hospital, Shollinganallur
21.	Government Karur Medical College, Karur	45	Government Karur Medical College Hospital, Karur
22.	Government ESI Medical College, Coimbatore	46	Government Medical College and ESI Hospital, Coimbatore
23.	Government Pudukottai Medical College, Pudukottai	47	Government Pudukottai Medical College Hospital, Pudukottai
24.	Government Erode Medical College, Erode	48	Government Erode Medical College Hospital, Erode
25.	Government Dindigul Medical College, Dindigul	49	Government Dindigul Medical College Hospital, Dindigul
26.	Government Ramanathapuram Medical College, Ramanathapuram	50	Government Ramanathapuram Medical College Hospital, Ramnathapuram
27.	Government Virudhunagar Medical College, Virudhunagar	51	Government Virudhunagar Medical College Hospital, Virudhunagar
28.	Government Nilgiris Medical College, Udhagamandalam	52	Government Nilgiris Medical College Hospital, Udhagamandalam
29.	Government Tiruppur Medical College, Tiruppur	53	Government Tirupur Medical College Hospital, Tirupur
30.	Government Namakkal Medical College, Namakkal	54	Government Namakkal Medical College Hospital, Namakkal
31.	Government Nagapattinam Medical College, Nagapattinam	55	Government Nagapattinam Medical College Hospital, Nagapattinam

S. No.	Name of the Medical College		Name of the attached Hospitals
32.	Government Krishnagiri Medical College, Krishnagiri	56	Government Krishnagiri Medical College Hospital, Krishnagiri
33.	Government Tiruvallur Medical College, Tiruvallur	57	Government Tiruvallur Medical College Hospital, Tiruvallur
34.	Government Ariyalur Medical College, Ariyalur	58	Government Ariyalur Medical College Hospital, Ariyalur
35.	Government Kallakurichi Medical College, Kallakurichi	59	Government Kallakurichi Medical College Hospital, Kallakurichi
36.	Government Cuddalore Medical College, Cuddalore	60	Government Cuddalore Medical College Hospital, Cuddalore
		61	TamilNadu Government Multi Super Speciality Hospital, Omandurar Government Estate, Chennai
		62	Kalaignar Centenary Super Speciality Hospital, Guindy, Chennai – 600 032
		63	King Institute of Preventive Medicine, Guindy, Chennai – 600 032
		64	Government Arignar Anna Memorial Cancer Institute, Kancheepuram

S. No	Name of the Dental College		Name of the attached Hospitals
1.	Tamil Nadu Government Dental College, Chennai	1	Tamil Nadu Government Dental College Hospital, Chennai
2.	Government Cuddalore Dental College, Cuddalore	2	Government Cuddalore Dental College Hospital, Cuddalore

District Residency Program

The District Residency Program, as a part of the postgraduate curriculum was standardized and implemented in all medical colleges across the state including Government, Private and Deemed Medical Institutions. During the tenure of this training period of 3 months for each candidate, Postgraduate Residents shall learn and acquire the necessary skills in clinical examination, differential diagnosis, diagnostic

testing, and therapeutics of various diseases in secondary care clinical settings. This programme is being implemented in this state for the past 3 years. To revamp the DRP programme, a portal was developed and postgraduate students are given postings online through this portal in the current year. Medical colleges have been attached to empanelled hospitals and the Vice principal will coordinate with in charge Medical Officer of the DRP empanelled centre and facilitate the arrangements of accommodation, food etc., for DRP students as the DRP postings for the respective college will be continued at the same DRP empanelled hospital. This will also ensure the safety of the students. During the year 2026, a total of 4,463 postgraduates were given DRP allotment at designated Empanelled Hospitals attached to the medical colleges. 2,264 students in the Government Medical colleges and 2,199 students in the private medical colleges and Deemed Medical Institutions have been allotted postings in 141 district and sub-district hospitals in 38 districts of the state through this portal.

Cadaver Transplant Programme

The cadaver transplant programme, which was launched in October 2008, has been a huge success. Tamil Nadu is the leading state in implementing the cadaver organ transplant programme. The hospitals providing organ transplants in the State are divided into three zones as follows, and organ donations in a zone are first allocated within that zone.

Table 18: Zone

S. No.	Zone	District
1.	North Zone	Chennai and Neighbourhood, Vellore
2.	South Zone	Tiruchirappalli, Madurai, Tirunelveli, Nagercoil, Thanjavur.

CHAPTER - 3

DIRECTORATE OF MEDICAL AND RURAL HEALTH SERVICES

Introduction

The Directorate of Medical and Rural Health Services takes immense pride in providing diverse medical care to the public through secondary care institutions in the State of Tamil Nadu for the past 99 years and continues providing these facilities through 37 Headquarters Hospitals, 199 Taluk Hospitals, 59 Non-Taluk Hospitals, 7 Women and Children Hospitals, 11 Dispensaries, 2 Tuberculosis Hospitals, 7 Leprosy Hospitals and 1 Rehabilitation Institute and Mental Health. Further, the maternity and child welfare has been strengthened exclusively, by executing the services of Comprehensive Emergency Obstetric and Newborn Care (CEmONC) units in 94 hospitals, including all District Headquarters Hospitals and Newborn Stabilization Units (NBSUs) in 98 hospitals and Special New Born Care Units (SNCUs) in 50 hospitals and 72 TAEI centres under the Directorate of Medical and Rural Health Services.

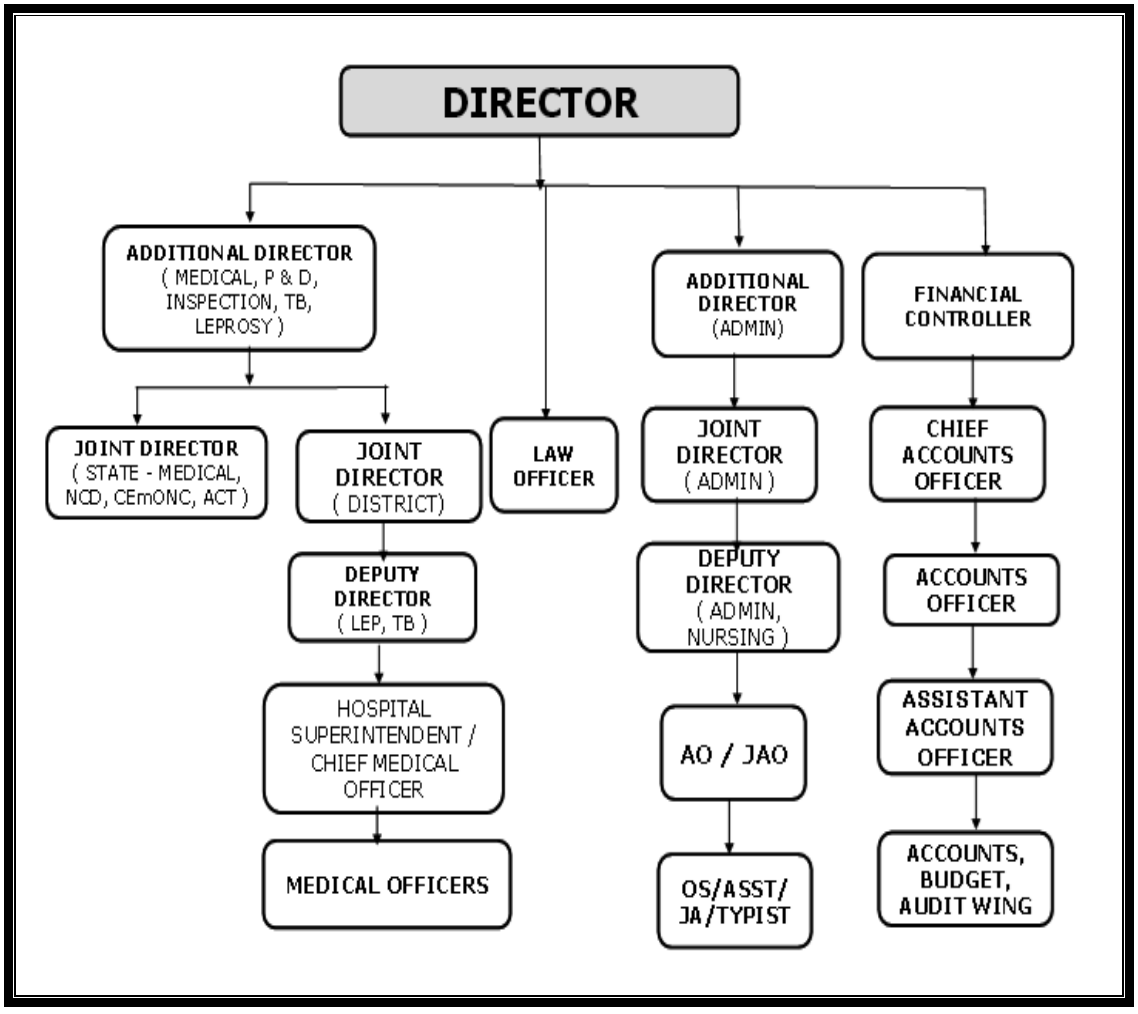

Functions of Directorate of Medical and Rural Health Services

The Directorate is responsible for the planning and implementation of various schemes for the development of the secondary-level Hospitals. The Directorate of Medical and Rural Health Services acts as a first referral unit for patients that are referred from the primary care facilities and is also a vital cog in reducing the workload of tertiary care facilities and it is because of this reason that this Directorate serves as a crucial link between primary and tertiary care facilities.

The Joint Director of Medical Services functioning at the district level under the Directorate of Medical and Rural Health Services coordinates and implements various programmes for the delivery of

health care to the public. National programmes are implemented in Secondary care hospitals including Blindness Control, Tuberculosis Eradication Programme (TB) and District Mental Health Programme etc., The Director of Medical and Rural Health Services is the State Appropriate Authority for the implementation of Transplantation of Human Organ Act 1994, Pre-Conception and Pre-Natal Diagnostic Techniques (Prohibition of Sex Selection) Act 1994, Tamil Nadu Clinical Establishment Act (Regulation) Amendment Act 2018, The Assisted Reproductive Technology (Regulation) Act 2021 and the Surrogacy (Regulation) Act 2022.

Administrative Structure

New Government Orders

- Construction of Mortuaries is under progress at a cost of Rs.4.55 Crore in Government Hospital Annur, Coimbatore District, Government Hospital Pannaikadu, Dindigul District, Government Hospital Thuvarankurichi, Tiruchirappalli District, Government Hospital Karambakudi, Pudukkottai District, Government Hospital Veppur, Cuddalore District, Government Hospital Sankarapuram, Kallakurichi District and Government Hospital Sriperumbudur, Kancheepuram District.
- Establishment of 50 bedded Critical Care Block is under progress at a cost of Rs.23.75 Crore Government Hospital Udumalpet, Tiruppur District
- Construction of new Maternal and Child Health Wings is under progress at a cost of Rs.20.45 Crore in Government Hospital Attur, Salem District, Government Hospital Thirumangalam, Madurai District, Government Hospital Chengam, Tiruvannamalai District and Government Hospital Sathayamangalam, Erode District.
- Construction of additional buildings is under progress at a cost of Rs.63.00 Crore Government Hospital Manmangalam, Karur District Government Hospital Thirukkuvalai, Nagapattinam District, Government Hospital Krishnapuram, Perambalur District, Government Hospital Avudayarkovil and Government Hospital Kerranur, Pudukkottai District, Government Hospital Vembadithalam, Salem District, Government Hospital Poolankurichi, Sivagangai District, Government Hospital Karadivavi, Tiruppur District, Government Hospital Udaiyarpalayam, Ariyalur District, Government Hospital Parangipettai Cuddalore District, Government Hospital Batlagundu and Government Hospital Athoor, Dindigul District, Government Hospital Vaitheeswarankovil, Mayiladuthurai District Government Hospital Thiruvadanai and Government Hospital Kadaladi Ramanathapuram District, Government Hospital

Sivagiri, Tenkasi District and Government Hospital Valavanur Viluppuram District.

- Upgradation of Newborn Stabilization Unit to Special New Born Care unit is in progress at a cost of Rs.2.66 Crore in Government Headquarters Hospital Kulithalai, Karur District, Government Headquarters Hospital Pennagaram, Dharmapuri District, Government Hospital Sivakasi, Virudhunagar District and Government Hospital Tiruchendur, Thoothukudi District.
- Establishment of District Integrated Public Health Laboratories is in progress at a cost of Rs.10.72 Crore in Government Headquarters Hospital, Padmanabhapuram, Kanniyakumari District, Government Hospital, Srivilliputhur, Virudhunagar District, Government Hospital, Tiruchengodu, Namakkal District, Government Headquarters Hospital Hosur, Krishnagiri District, Government Headquarters Hospital, Gudiyatham, Vellore District, Government Headquarters Hospital Tindivanam, Viluppuram District, Government Headquarters Hospital Paramakudi, Ramanathapuram District, Government Headquarters Hospital Kulithalai, Karur District, Government Headquarters Hospital Jayamkondam, Ariyalur District and Government Headquarters Hospital Aranthangi, Pudukkottai District.
- Construction of additional building is in progress at a cost of Rs.103.05 Crore in Government Hospital Vettaikaranputhur, Coimbatore District, Government Hospital Pannaikadu, Government Hospital Pattiverranpatti, Government Hospital Ayakudi and Government Hospital Natham, Dindigul District, Government Hospital Kodumudi, Erode District, Government Hospital Arumani and Government Hospital Senanvilai, Kanniyakumari District, Government Hospital Aravakurtchi and Government Hospital Krishanarayapuram, Karur District, Government Hospital Peraiyur and Government Hospital Sholavandan, Madurai District, Government Hospital,

Tharangambadi and Government Hospital Poraiyar, Mayiladuthurai District, Government Hospital Kilvelur and Government Hospital Karuppambalam, Nagapattinam District, Government Hospital, Vennandur, Namakkal District, Government Hospital Karambakudi and Government Hospital Subramaniyapuram, Pudukkottai District, Government Hospital Pannaikulam, Government Hospital Mudukulathur, Ramanathapuram District, Government Hospital Kalavai, Ranipet District, Government Hospital Gangavalli, Government Hospital Jalakandapuram and Government Hospital Nainampatti, Salem District, Government Hospital Kalaiyarkoil, Sivagangai District, Government Hospital Ayikudi, Tenkasi District, Government Hospital Thiruvaiyaru, Government Hospital Tiruvidaimarudur, Government Hospital Nachiarkoil, Government Hospital Tirupanandal, Government Hospital Papanasam and Government Hospital Aduthurai, Thanjavur District, Government Hospital Pazhaverkadu, Government Hospital Podaddurpet and Government Hospital Uthukottai, Tiruvallur District, Government Hospital Ettaiyapuram, Government Hospital Kalankudiyiruppu and Government Hospital Ottapidaram, Thoothukudi District, Government Hospital Thanipadi and Government Hospital Kalasapakkam, Tiruvannamalai District, Government Hospital Needamangalam and Kodavasal, Tiruvarur District and Government Hospital Vanur, Viluppuram District.

- Construction of new Maternal and Child Health wing is under progress at a cost of Rs.12.00 Crore in Government Hospital Thiruthuraipoondi, Tiruvarur District and Government Hospital Polur Tiruvannamalai District.
- Construction of Out patient block and Quarters for Medical Officers and Staff Nurses is under progress at a cost of Rs.7.22 Crore in Government Hospital Kodaikanal, Dindigul District.

- ❖ Construction of new hostel building for School of Nursing is under progress at a cost of Rs.8.58 Crore in Government Headquarters Hospital Cuddalore, Cuddalore District.

Details of Newly Created Posts for Hospitals:-

- ❖ Creation of the following new post for 50 Bedded Critical Care Block Centre

District Mental Health Programme

The District Mental Health Programme is a community based programme successfully implemented in the state. The objectives of the district mental health programme are as follows:

- To create awareness regarding mental health in the community.
- To integrate and implement mental health services through all the wings of the Health Department.
- To facilitate the early detection and treatment of the patient within the community itself.
- To reduce the stigma attached towards mental illness through change in attitude and public education.
- To treat the rehabilitated mental patients discharged from mental hospitals within the community.

In Tamil Nadu, the District Mental Health was launched in 1997 in Tiruchirapalli on pilot basis and subsequently was implemented in phased manner in Government Headquarters Hospitals in 37 districts of Tamil Nadu and Government Hospital, saidapet, Chennai and this is the highest numbers of DMHP implementing districts in the entire country.

The team comprises of one District Psychiatrist, one Satellite Psychiatrist, Psychologist, Social worker, Staff nurse, Data entry operator and Multi purpose health worker.

11,14,781 OP cases and 10,449 IP cases have been treated under the District Mental Health Programme during April 2025 to March 2026

CHAPTER – 5

DIRECTORATE OF PUBLIC HEALTH AND PREVENTIVE MEDICINE

The Directorate of Public Health and Preventive Medicine was established in the year 1922 in Tamil Nadu. Since inception, this Directorate has been engaged in protecting and promoting the health of the people in the State through Immunization, Health Education, Application of Hygiene and Sanitary Measures, Monitoring Quality of Drinking Water and Environmental Hazards, thereby reducing the burden of Morbidity, Mortality and Disability in the State. The main objectives of the department include prevention and control of Communicable Diseases and provision of community based Maternal and Child Health Services, in Rural and Urban areas through Universal Primary Health Care.

Primary Health Centres

The administration of Primary Health Centres has been brought under the control of the Director of Public Health and Preventive Medicine from the 01.03.1996. Presently there are 1,832 Rural Primary Health Centres in the State, details of which are furnished below:

Details of Primary Health Centres sanctioned and functioning:			**G.O. & Date**

Hospital on Wheels (Mobile Medical Unit)

In the year 2007, Mobile Medical Units was launched to provide health care services in remote villages and far-flung areas. Initially, 100 Mobile Medical Units Vehicles were procured for implementation of this scheme. Further 285 Mobile Medical Units were procured during 2008. The Mobile Medical Camps are being conducted in all the 385 blocks in Tamil Nadu, with a Mobile Medical Team comprising of one Medical Officer, One Staff Nurse, One Driver and one Attender cum cleaner.

In 2011-12, the existing 385 Mobile Medical Units was upgraded as Hospital on Wheels with additional manpower, of Lab Technician (LT), for providing Laboratory facilities and other Diagnostic equipments. At Present, 476 Mobile Medical Units including regular MMU 396, Urban MMU 10, Tribal MMU 20 and Labour MMU 50 are functioning in the State.

The aim of the Hospital on Wheels Programme is to provide high-quality medical care, with a focus on maternal and child health services, communicable and non-communicable diseases, covering all the remote villages and hamlets as per the Fixed Tour Programme (FTP) specifically prepared for each block. Information boards about the day and time of visit are permanently displayed at the camp site. 40 camps are being conducted per month per MMU as per the FTP. High risk areas such as temporary settlements are given high priority. People with diabetes and hypertension are provided with follow-up care.

During 2021-2022, 389 old MMU vehicles was replaced with new Mobile Medical Unit Vehicles at the cost of Rs.70.02 Crore. The new Mobile Medical Unit vehicles was procured through TNMSC from NHM funds in a phased manner on 08.04.2022 (133 Vehicles) and on 17.05.2022 (256 Vehicles) and sent to concerned districts for conducting Mobile Medical Camps.

For the financial year 2021-2022, 2.41 Lakh camps were conducted and 1.84 Crore persons were benefited. For the financial year 2022-2023, 2.57 Lakh camps were conducted and 1.87 crore persons were benefited.

During the year 2023-2024, 2.44 Lakh camps were conducted and 1.96 crore persons were benefitted.

During the year 2024-2025, 2.35 Lakh camps were conducted and 2.03 crore persons were benefitted.

During the year 2025-2026, 2.29 Lakh camps were conducted and 2.01 crore persons were benefitted.

Makkalai Thedi Maruthuvam

Tamil Nadu Government's flagship programme “Makkalai Thedi Maruthuvam”, offers holistic and comprehensive set of “Home Based Health Care Services” to ensure continuum of care, sustainability of the services and also meet the health needs of beneficiaries in the family as a whole.

Community focused field functionaries in MTM

- 10,969 Women Health Volunteers (WHV) are engaged which includes 8,713 WHVs from the Self Help Group (SHG) Network under the Tamil Nadu Corporation for Development of Women (TNCDW) in all Health Sub Centres and 2,256 WHVs from the SHG Network under the Tamil Nadu Urban Livelihood Mission (TNLUM) in urban areas.
- At the Block level, there is a team of Palliative Care Nurse and Physiotherapist offering Home Based Palliative and Physiotherapy services with a total of 463 Palliative Care Nurses and 463 Physiotherapist across the State.
- At the institutional level, 2,892 MTM Staff Nurse have been deployed at the rate of 1 per PHC, 2 per Government Hospitals and 2 per Medical College Hospital for providing comprehensive NCD services at primary, secondary, and tertiary care level.

Home and Institutional Based Services

The Non-Communicable disease services at Primary Health Centres, are provided by Staff Nurse (NCD) and at HSCs by Mid-Level Health Provider and at Village level by Women health volunteer. The Palliative care, Physiotherapy, and Continuous Ambulatory Peritoneal Dialysis (CAPD) services at Institutions are provided under the MTM scheme and the patients eligible for Home-based MTM services are referred to respective PHC.

Monitoring of the Programme

The Mission Director, National Health Mission, Tamil Nadu is authorized to implement the "Makkalai Thedi Maruthuvam" scheme through the Directorate of Public Health and Preventive Medicine in coordination with the Directorate of Medical and Rural Health Services and the Directorate of Medical Education. With regard to Continuous Ambulatory Peritoneal Dialysis (CAPD) component of the scheme, the Mission Director National Health Mission is also authorised to implement

the component with the provision for providing Peritoneal Dialysis bags under the Chief Minister's Comprehensive Health Insurance Scheme (CMCHIS). This programme is being monitored by State and District Level Health Officials and field visits are carried out frequently. A novel feature of this programme is reaching out to line-listed MTM Beneficiaries for redressal of grievances by Health Advisory Officers through "102 call centre" and monitoring of the feedback received, the data entered is being done under Makkalai Thedi Maruthuvam across the State.

Budget

Apart from the allocation of funds earmarked by the Government of TamilNadu for Non Communicable Diseases by the Department of Health & Family Welfare during the financial years 2021-2026, fund under Makkalai Thedi Maruthuvam Rs.976.76 crore have been incurred as expenditure (Budget details as per NHM).

Performance

This flagship scheme "Makkalai Thedi Maruthuvam" has reached and crossed the 200 lakh (2 Crore) beneficiary on 19.12.2024 (Tmt.Sundarambal, Nanjanapuram, Erode District) which was inaugurated on 05.08.2021. As on 31.03.2026, a total of 2.69 crore patients have been benefitted under "Makkalai Thedi Maruthuvam".

Idhayam Kaapom Thittam

The Government of Tamil Nadu has announced the launch of the 'Idhayam Kaapom Thittam' program to prevent deaths caused by sudden cardiac arrest. The program was launched on June 27, 2023 at the Malumichampatty Health sub-centre in the Madukkarai block by the Health and Family Welfare Department.

As per the scheme, cardiac loading doses will be provided in Primary Health Centres (PHCs) and Health sub-centres (HSCs) to those patients reporting with symptoms of cardiac illness on consultation with the district nodal cardiologist, drugs containing Aspirin-2, Clopidogrel-4, and Atorvastatin-8, a total of 14 tablets will be provided and referred for further management.

As of 31.03.2026, a total of 23,025 persons in Primary Health Centres and 602 persons in Health sub-centres have benefitted under this scheme.

Idhayam Kaapom Thittam will be continued in the year 2026-27.

Urine Dipstick Testing for Early Detection of Chronic Kidney Disease

The Government of Tamil Nadu has announced the launch of 'Urine Dipstick Testing for Early Detection of Chronic Kidney Disease' considering the complications that may arise in chronic NCD patients. The scheme was launched on 10.07.2023 in Kadayampatty Government Upgraded Primary Health Centre, Salem district.

As per this program, all NCD patients about 30 years of age and those with risk factors for non-communicable diseases will be subjected to Urine Dipstick Testing at the Health Subcenter and Primary Health Centre level. Those who test positive will be referred to higher centres for further assessment and management.

As of 31.03.2026, 1.20 Crore persons in the Primary Health Centres and 25.18 lakh persons in the Health Sub-centers were screened using urine dipstick testing of whom 39,612 persons in Primary Health Centres and 4,268 persons in Health Sub-centres tested positive and were referred to higher level institutions for further management and follow up.

This programme will be continued in the year 2026-27.

Workplace Based NCD Intervention

In 'Makkalai Thedi Maruthuvam' the field health workers conduct house visits and screen for common NCDs as some employees leave for work and hence miss out, on screening. Further, special concern for the welfare of the workers who are the foundation of the State's economic development, the Government launched the 'Workplace Based NCD intervention program' on 09.01.2024 at Tiruvallur for NCD screening of the workers involved in factories and the unorganized sectors.

All workers, including migrant labourers are covered under the scheme. Upto 31.03.2026, around 5.17 lakh employees working in 499 industries were screened for common NCDs.

Workplace, Based NCD intervention program will be continued in the year 2026-2027.

Focus to encourage 8 km Health Walk – 'Nadappom Nalam Peruvom'

The World Health Organization (WHO) recommends that moderate-intensity aerobic physical activity, such as brisk walking contributes to a 27% reduction in complications associated with hypertension and diabetes and a 30% reduction in complications associated with heart

disease. Regular physical activity, such as brisk walking, confer benefits such as the maintenance of optimal body weight, the management of chronic diseases, such as hypertension and diabetes, and the attenuation of mental stress. Considering the above facts, 8 km Health path way is identified in 38 Revenue Districts in collaboration with Urban local bodies and Government of Tamil Nadu launched 'Nadappom Nalam Peruvom (Health Walk) to promote a healthy lifestyle among people on 04.11.2023. By March 2026, 1.41 lakh people participated in walking exercises. Health screenings for contagious diseases were conducted for 1.14 lakh people. 'Nadappom Nalam Peruvom'(Health Walk) will be continued in the year 2026-2027.

Community-Based Organised Cancer Screening

Through this program, three common cancers—oral cancer, breast cancer, and cervical cancer are detected at an early stage, appropriate treatment is provided to prevent deaths, extend their lifespan and improve the quality of life, with the noble objective of public welfare. The Government of Tamil Nadu initiated a community-level cancer detection program on 22.11.2023 in a pilot phase in four districts viz., Erode, Tirupathur, Kanyakumari and Ranipet. Following this, Government Order No.54 from the Health and Family Welfare (EAP-II.1) Department, dated 05.03.2025, the program was launched in three phases. Subsequently, it has been gradually expanded to all 38 districts.

Upto 31.03.2026, 51.08 lakh people have been screened for oral cancer, 23.73 lakh people for breast cancer and 23.67 lakh women for cervical cancer. Community-Based Organised Cancer Screening will be continued in 2026-2027.

Nephropathy

- ❖ eGFR estimation provision to be made in the existing MTM portal instead of a separate application (CKD-EPI 2021) – Action being taken by NHM

- Instructed to perform staging using the existing app and start referring patients requiring further diagnosis and management (Google Sheet shared with Districts)
- Siruneeragam Kakkum Seermigu Thittam, beneficiaries are being followed up for eGFR estimation and staging will be done. As of now, 44,088 patients have raised serum creatinine levels since July 2023
- So far, 2,278 have been confirmed for with Grade 4 CKD and 1,030 have been confirmed with Grade 5 CKD.
- Hemodialysis – 959; Peritoneal Dialysis (CAPD) – 116.
- ABHA ID have been generated for 38,014 beneficiaries and is in progress.

Retinopathy

- Screening for retinopathy commenced among people with diabetics and hypertensives in the existing 38 Tele V Care Centres (one per district) and reports are being collected through a Google sheet.
- Upto 31.03.2026, 1.08 lakh people have been screened of whom 2,131 have been diagnosed and are under observation.
- ABHA ID have been generated for 2,296 beneficiaries and the progress is ongoing.

Neuropathy:

- Padhum Padhu Kappom Thittam was launched on 15.07.2024.
- A special examination center for the diagnosis of foot ulcers has been established in all primary health centers across Tamil Nadu for the early detection of diabetic foot ulcers, which may result from nerve damage due to the effect of high blood pressure and diabetes. 57,158 persons have been referred for follow-up treatment upto 31.03.2026.
- So far, ABHA ID have been generated for 49,051 individuals.

Chronic Obstructive Pulmonary Disease (COPD)

The scheme was launched on 04.06.2025 to detect Chronic Obstructive Pulmonary Disease (COPD) early among certain population groups and recommend screening for symptoms and spirometry when necessary. Primary screening for COPD is being conducted in all districts.

As of 31.03.2026, 16,956 persons have been screened and 1,713 persons have been registered with Tobacco Cessation Center (TCC).

Metabolic Dysfunction Associated Steatotic Liver Disease (previously known as NAFLD)

The Ministry of Health and Family Welfare, Government of India, has published operational guidelines (Version 2.0) for NAFLD under NP-NCD to create awareness and early screening for Metabolic Deficiency Associated Fatty Liver Disease (MASLD). This scheme was launched on 04.06.2025.

4,79,866 persons have been screened and 4294 persons have been referred for further treatment upto 31.03.2026.

National Tobacco Control Programme (NTCP)

Enforcement squad is formed at State, District, Block and Village Level to Monitor The Violations under COTPA Act, 2003 and the district wise data as on May - 2026 is detailed below:

Palli Sirar Kannoli Kappom Thittam (KKT)

Palli Sirar Kannoli Kappom Thittam is being implemented from the year 2009 onwards to screen all the students studying in 6th standard to 12th standard in Government and Government Aided Schools for Refractive errors. Some of the students who are wearing spectacles may require new spectacles as the refractive error may change from time to time every year. Hence, it is proposed to do recheck-ups of the students, who have been given spectacles already in the previous years

in all Government and Government Aided schools in the State. Para Medical Ophthalmic Assistants (PMOAs) and teachers trained by them will screen all the students in the school and list out the students with Vision Impairment. Subsequently, the PMOA generates prescriptions and order for spectacles. On the receipt of the spectacles, it is issued to the students in the school.

In 2025-26 a total of 41,76,093 school children were screened and 2,76,707 spectacles were ordered of which 2,11,718 children were provided with spectacles.

Dr. Muthulakshmi Reddy Maternity Benefit Scheme

Dr.Muthulakshmi Reddy Maternity Benefit Scheme was implemented on 15.09.2006 with a noble objective of providing assistance to poor pregnant women/mothers to meet expenses on nutritious diet, to compensate the loss of income during motherhood, to avoid low birth weight of newborn babies and aimed at reducing IMR and MMR. Under this scheme cash assistance of Rs.6000/- is given to pregnant women of Below Poverty Line.

The State Government has enhanced the assistance of Rs.6000/- to Rs.12,000/- as per G.O.(Ms).No.276 Health and Family Welfare (P2) department dated on 03.11.2011. Further the maternity assistance of Rs.12,000/- was enhanced to Rs.18,000/- as per guidelines given in the G.O.(Ms).No.118 Health and Family Welfare (P2) department dated on 02.04.2018.

The maternity assistance under Revised Schedule and Conditionalities of Dr. MRMBS – PMMVY 2.0 Co-branding for the year 2024-2025 is disbursed to the beneficiaries as 1st Installment of Rs.6000 in the 4th month pregnancy, 2nd Installment of Rs.6000 in the 4th month after delivery and 3rd Installment of Rs.2000 after completion of 9th month after delivery. The Total cash benefit of Rs.14,000/- is disbursed to the bank account of the beneficiaries and two Nutrition Kits each worth of Rs.2000 given in 3rd and 6th month of Pregnancy comprising of iron tonic and nutrition supplements are distributed to the beneficiaries to reduce anemia amongst the pregnant women and improve the birth weight of infants.

Table 6: Distribution of financial assistance: Revised Schedule and Conditionalities of Dr. MRMBS – PMMVY 2.0 Co-branding

Instalment	Term of Instalment	Total Amount (In Rs.)	First Pregnancy (For both Male and Female Child)		2nd Female Child		2nd Male Child	Higher Order Birth (more than 2 live children) mothers & Migrant mothers from other state
			MRMBS (From IFHRMS through Treasury)	PMMVY 2.0 (DBT from SNA account)	MRMBS (From IFHRMS through Treasury)	PMMVY 2.0 (DBT from SNA account)	MRMBS (From IFHRMS through Treasury)	MRMBS (From IFHRMS through Treasury)

Mother and Baby care Kit Scheme

Mother and Baby Care Kit scheme is being implemented in all the Government Health sector from 8th September 2015. Under this scheme Mother and Baby care Kit comprising 16 health care items (Baby Towel, Baby Dress, Baby Bed, Baby Protective Net, Baby Napkins, Baby Oil, Baby Shampoo, Baby Soap, Baby Soap Box, Baby Nail clipper, Baby Rattle, Baby Toy, Liquid Hand Wash, Bathing Soap, Sowbagyasundi Lehiyam and Kit Bag) is being provided. The aim of this scheme is to improve hygiene of the postnatal mothers and new born baby, to avoid infections and to improve secretion of breast milk for mothers who delivered in Government Health Facilities. From the year 2015-2016 to 2021-2022, Rs.50 Crore has been allotted for this Scheme under the State Budget of Government of Tamil Nadu and Mother and Baby Care Kit has been procured through Tamil Nadu Medical Service Corporation Limited, Chennai and supplied to mothers who delivered in the Government Health Facilities.

Sl. No.	Year	Total Beneficiaries	Total Allotment (in Crore)
1.	2025-2026	4,12,343	67.35

Menstrual Hygiene Programme

The Menstrual Hygiene Programme was launched on 27.03.2012. The objective of the scheme is to increase awareness among adolescent girls on menstrual hygiene, build self-esteem and empower girls for greater social participation to increase access to and use of high quality sanitary napkins and to ensure safe disposal of sanitary napkin.

Under this scheme 3 packs of priceless beltless sanitary napkins containing 6 pads per pack are distributed every 2 months for each Adolescent Girl from 10 - 19 years of age. A total of 18 packs are given per year. Both school and non school going girls in rural areas are covered. The Priceless Belt Type Sanitary Napkins are also distributed to post natal mothers who delivered Government Institutions at 7 packs each (6 pads per pack), Women Prison inmates and Female Inpatients in the Institute of Mental Health, Chennai, 18 packs (6 pads per pack) for a year.

This scheme is now extended to Adolescent Girls in the urban areas and women inpatients in Government Institutions in the reproductive age group of 15-49 years.

The Sanitary Napkins are procured through Tamil Nadu Medical Services Corporation Limited. The Procurement of Belt type sanitary napkins is made through Self Help Groups (SHG) by Tamil Nadu Corporation for Development of Women.

Sl. No.	Category	Number of Beneficiaries (April 2025 – March 2026)
1.	Adolescent girls in rural and urban areas (10 – 19 Yrs) who have attained puberty – 18 packs / year	34.00 Lakh
2.	Post–natal mothers who delivered in Government Institutions – 7 packs / Delivered mother	4.09 Lakh
3.	Women Prison inmates – 18 packs / year	710

4.	Female in patients in Institute of Mental Health, Chennai – 18 packs / year	250
5.	Women Inpatients (15 – 49 years) in Government Health Institution – 1 pack / Admission	21.10 Lakh

Immunization Programme

Annually, around 8.82 lakh pregnant women and 8.06 lakh infants are being targeted under Immunization programme. The State has reported more than 99% coverage.

(Source - TNHMIS)

Rashtriya Bal Swasthya Karyakram

Rashtriya Bal Swasthya Karyakram (RBSK) is a Government of India initiative under which children aged 0-18 years are screened and followed-up. Early intervention services are provided to children who are identified with conditions categorized as the 4Ds:

i. Defects at birth

ii. Developmental delays including disabilities

iii. Deficiencies

iv. Diseases

The RBSK Mobile Health Team consists of a Medical Officer, a Staff Nurse, a Pharmacist and a Driver

Sl. No.	Category	No. of RBSK Team
1.	Rural	770
2.	Urban	38
Total		**808**

The Annual Tour Programme of each team planned to visit the Government and Government aided schools and Anganwadi centres is uploaded in the TNDPHPM website and is shared to all the stakeholders. The teams visit schools at least once in a year with a target of 65.61 lakh and twice the Anganwadi centres with a target of 38.56 lakh per year which is monitored through the "Nalam App." In addition, RBSK team will give suitable health education to school children on the ill effects of tobacco/drugs.

The Children identified with Birth defects, Deficiencies, Disabilities and Diseases etc., will be referred to District Early Intervention Centre (DEIC) which has been established in all the districts of Tamil Nadu in Medical Colleges / Government Hospitals.

Delivery Point Screening

Newborn screening within 48 hours of birth is crucial for the early detection and intervention of congenital conditions, ensuring timely medical care and better health outcomes of the newborns. A comprehensive Head-to-Toe Examination is conducted in all institutions where deliveries take place to assess the overall health of the newborn. The screening details are systematically recorded in the PICME 3.0 portal

for continuous monitoring and follow-up. If any newborn is identified with one of the 4Ds (Defects at birth, Diseases, Deficiencies, and Developmental delays), they are immediately referred to the District Early Intervention Centre (DEIC) for specialized care and intervention. During April 2025 to May 2026, 38,974 newborns delivered in Primary Health care institutions are screened and 1,572 are referred to higher centre for further interventions. This structured approach plays a vital role in reducing infant morbidity and promoting long-term well-being of the children.

Rashtriya Kishor Swasthya Karyakram (RKSK)

This Programme aims to provide Adolescent Health Care Services. The Target group are Adolescents between 10–19 Years with Universal coverage i.e. males and females; Urban and Rural; In School and Out of School; Married and Un Married and Vulnerable and under-served children. The Main Objectives are to improve Nutrition, Enable Sexual and Reproductive Health, Enhance Mental Health, Prevention of Injuries

and Violence, Prevention of Substances misuse and address conditions for NCDs, to increase the availability and access to information about adolescent's health, to increase accessibility and utilization of quality adolescents counseling and health services and forge multi-sector partnerships to create safe and supportive environment for adolescents. RKSK Programme is implemented in 24 districts.

Adolescent Friendly Health Clinic (AFHCs)

Adolescent Friendly Health Clinics (AFHCs) is effectively functioning in 427 PHCs, 262 Government Hospitals, 36 District Head Quarters Hospitals and 32 Medical College Hospitals.

Model - Adolescent Friendly Health Clinic (Model - AFHCs)

Model Adolescent Friendly Health Clinic had developed within the Adolescent Friendly Health Clinic at the level of Block PHC/HUD with certain additional components. Apart from providing the full complement of services of the Adolescent Friendly Health Clinic, this Model – Adolescent Friendly Health Clinic (M –AFHC) will also be utilized as a nodal centre for other Adolescent Friendly Health Clinic in the District.

This M – AFHC will also be utilised as follows:

- A 'Nodal Centre' for other Adolescent Friendly Health Clinics in that HUD
- Site for hands on training for the services providers
- Repository of the various IEC materials
- Visit site for the selected Peer Educators of the district
- Coordination between Counsellors and their Peer Educators
- District RKSK review platform
- Record keeping and maintain report.

Now 5 Districts selected for Model Adolescent Friendly Health Clinics namely

Sl.No.	Name of the HUD	Name of the Block PHC
1.	Chengalpattu	Kelambakkam
2.	Ramanathapuram	Uchipuli
3.	Tiruchirappalli	Inamkulathur
4.	Vellore	Odukathur
5.	Viruthunagar	Kanniseriputhur

Peer Educators (PE)

Two Peer Educators (one boy and one girl) are selected in every Government and Government aided schools.

Adolescent Friendly Club (AFC)

Adolescent Friendly Club meeting is conducted every month for the Peer Educator at the Health Sub Centre by the Village Health Nurse.

Adolescent Health Day (AHD)

Adolescent Health Day is to improve coverage with Preventive and promotive intervention for adolescent and to increase awareness among adolescents, parents, families and stakeholders about issues and needs related to adolescent health. AHDs will be conducted at the village level at Anganwadi Centres or any other public place where adolescent and all stakeholders have easy accessibility.

Achievement

Totally, 7,36,562 adolescents were treated with Clinical Services and 6,19,225 Adolescents were given counselling services during the year April 2025 – March 2026.

Adolescent Health and Awareness Camp

Adolescent Health and Awareness Camp was launched on 23.05.2023 at 9.30 AM Manthope Corporation Girls Higher Secondary School, Saidapet, Chennai. In this program registration of participants

must be done through HMIS 2.0 application, EMIS Number of adolescents has to be used for reporting of data. To Measure the Height, Weight, Body Mass Index for all participants and to measure Blood Pressure and Hemoglobin (Hb%) estimation only through cell counters and enter the results through Lab Information Management System and also screen for other common medical/health conditions to all adolescents. RBSK Medical Officer can be deputed to look after consultation and examination of adolescents, to track the anaemic children and ensure the treatment till the Hemoglobin level returns to normal. Both male and female patients are consulted and counselled by male and female doctors respectively.

Achievement

As on 01.06.2025 to 31.05.2026, 21,638 camps conducted. Totally 8,38,650 adolescent Males and 10,12,653 adolescent females screened. Among screened children 5,72,471 adolescent girls and 3,64,807 boys were identified as anemic. From that 5,925 adolescent girls and 865 adolescent boys were identified as severe anemia. Severe anemic childrens are under follow-up by RBSK team and Village Health Nurse.

National Iodine Deficiency Disorder Control Programme (NIDDCP)

Introduction

Iodine is an Essential Micronutrient. It is required at 100-150 micrograms daily for normal human growth and developments. It is essential for the Synthesis of the thyroid hormones, Thyroxine (T4), Triiodothyronine (T3).

Objectives

1. Surveys to assess the magnitude of Iodine Deficiency Disorders in the districts.
2. Supply of Iodized salt in place of common salt.
3. Resurveys to assess iodine deficiency disorders and the impact of Iodized salt after every 5 years in the districts.

4. Laboratory monitoring of Iodized salt and urinary iodine excretion.
5. Health Education and Publicity.

Implementation of NIDDCP in Tamil Nadu

The State Iodine Deficiency Disorder Cell and Lab are established in the year 2017, for efficient functioning of this programme at Directorate of Public health and Preventive Medicine. Testing of Iodine content in salt, in titration method is being done regularly on samples from all districts. Urinary Iodine Excretion survey is being done in 5 surveying IDD districts every year.

The State and District Level Technical and Co-ordination Committee are formed under the chairmanship of Health Secretary at State Level and District Collector at District Level.

Achievements of TN IDD Cell

Global Iodine Deficiency Disorder Prevention Day is observed every year on 21st October to create awareness on the need of using Iodine salt and IEC messages are also disseminated through Radio and Newspaper advertisements well ahead of World Iodine Deficiency Prevention Day. Awareness on the use of Iodine salt in households is being raised through ASHAs with a view to reduce the Iodine deficiency disorder in Tamil Nadu. The salt that is used in Anganwadi Centers & Kitchen of all Schools are being tested & monitored for the presence of Iodine.

Over all Salt Sample Analysis from January 2017 to March 2026

Salt samples are being lifted from shops and households by Health Inspectors for testing at the State IDD Laboratory for Iodine content, thus the Sale and use of Iodine Salt is being monitored and sent to laboratory testing. Details about the salt samples iodization level are shown in the table below.

Table 10: Salt Samples Analysis from January 2022 - March 2026

Year wise (Jan-Dec)	Total Salt Samples	> 15PPM		< 15PPM		0 PPM	
		Salt Samples	%	Salt Samples	%	Salt Samples	%

NQAS - National Quality Assurance Programme

National Quality Assurance Programme is currently available for Community Health Centres, Primary Health Centres, Urban Primary Health Centres and Health and Wellness Centre (Health Sub Centre). In 2025-26 the programme is planned to be implemented in Urban-Health and Wellness Centres.

Principles of National Quality Assurance Programme

Four Principles of Quality Assurance are as below,

- Quality assurance focuses on the systems and processes.
- Quality assurance is oriented toward meeting the needs and expectations of the patients.
- Quality assurance encourages a team approach to problem solving and quality.
- Quality assurance uses data to analyse service delivery processes.

Sustenance

- ❖ Recertification has to be obtained after every three years
- ❖ Facilitation and recognition of achievement by Financial Incentives

One of the key initiative for building Quality culture is through 'rewards and recognition' and continuing handholding support from the State & District administration. The facilities which get National Certification for the quality and have retained such status during subsequent assessments must be incentivised.

Incentives

Presently, Rs.3,00,000/- per annum is given as an incentive to Primary Health Centers which get National Quality Certificate.75% of such fund could be spent in improving the health facility.The remaining 25% of fund could be spent as incentives for the staff who have been active participants of quality assurance programme.

Achievements

So far, 2031 facilities have received NQAS National Certification. It is planned for another 1,500 facilities to get NQAS certification in the year 2026-27.

Sl. No.	Financial Year	NQAS Certification Facilities

5	2025-2026	3	161	62	841	1,067

Kayakalp Award Scheme

Cleanliness not only prevents the spread of infection but also provides the patients and the visitors a positive experience. Cleanliness and hygiene are good for healthy living, but it becomes a need when we talk about health care facilities.

Principles

- To incentivize and recognize such public healthcare facilities that show exemplary performance in adhering to standard protocols of cleanliness and infection control.
- To inculcate a culture of ongoing assessment and peer review of performance related to hygiene, cleanliness and sanitation.
- To promote cleanliness, hygiene and infection control practices in public health care facilities.
- To create and share sustainable practices related to improved cleanliness in public health facilities linked to positive health outcomes.

Table 11: Incentives

Facility	Winner/Runner-up	Commendation
CHC	Rs 15 lakh / 10 lakh	Rs.1 lakh
PHC / UPHC	Rs 2 lakh	Rs.50,000/-
HWC-HSC	Rs 1 lakh / Rs.50,000	Rs.25,000/-

Table 12: Distribution of Awards

Sl. No.	Financial Year	CHC	PHC	Urban PHC	HWC HSC	U-HWC	Total
1.	2023-2024	406	1,251	259	2,210	349	4,475
2.	2024-2025	412	1,322	301	2,651	352	5,038
3.	2025-2026	405	1,327	279	3,759	342	6,133

Tamil Nadu

- Kayakalp award scheme was initiated since 2016 and the award has been given consistently to best performing health facilities in Tamil Nadu. At the State level only one CHC will be awarded as Winner and one CHC will be awarded as Runner.
- Also, the winner award is announced to 37 Primary Health Centers selected from 37 districts (one Primary Health Center per district). At the same time those who score more than 70 percent marks are given appreciation certificate and award to primary health centers. Also, the Kayakalp Award is being given to each selected sub-health center (SHC) in each health district.
- Due to this initiative, many public health facilities have received rewards, and recognition, thereby providing best safe treatment for patients with better quality.

Universal Health Coverage (UHC) – Comprehensive Primary Health Care Services:

Universal Health Coverage aims to bring Comprehensive Primary Health Care services nearer to the doorstep of the people thereby reducing Out-Of-Pocket Expenditure (OOPE) and to address the health care needs of the people in the long-term. The spectrum of essential, quality health services are covered including health promotion, prevention and treatment, rehabilitation and palliative care. Strengthening of the health facilities up to the level of Health Sub Centres (HSC) is the pillar for the Universal Health Coverage program.

In our State, Universal Health Coverage (UHC) project had been piloted successfully in 3 pilot blocks of selected 3 Health Unit Districts (HUDs) in 2016-2017. Subsequently in 2017-2018, the program was up-scaled to the remaining additional 39 blocks at 1 block per Health Unit

District. Under UHC, it was mandated by Government of India in the year 2018-2019 to transformation of the Health Sub-Centres (HSCs) and Primary Health Centres (PHCs) as Health and Wellness Centres (HWCs).

Since, 2018-2019 in accordance to the above mandate the Government of Tamil Nadu had provided permission to transform 985 Health Sub-Centres (HSCs), 1407 Primary Health Centres (PHCs) and 486 Urban Primary Health Centres (UPHCs) were transformed as Health and Wellness Centres (HWCs) with the support of Government of India through NHM-TN. In addition to the above, 1463 Health Sub-Centres (HSCs) in 2020-21 and 2400 Health Sub-Centres (HSCs) in 2021-22 was transformed as Health and Wellness Centres (HWCs). In addition to the above, 708 Urban Health and Wellness Centres in GCC and ROTN are inaugurated.

The Government have accorded permission to engage 4848 MLHPs and 2448 MPHW (Male) / Health Inspector Grade-II on contract basis vide G.O.(Ms).No.531, Health and Family Welfare Department, dated: 25.11.2021 and G.O.(Ms).No.516, Health and Family Welfare Department, dated:19.11.2021 respectively. The employees have been appointed and are currently working in Health and Wellness Centres.

The Performance of Health and Wellness Centres under UHC as per AB-HWCs Portal is detailed as below:

Table 13: Foot falls at AB-HWC (OP cases)

Teleconsultation (e-Sanjeevani):

- Under e-Sanjeevani programme 7,19,93,232 (through HWC) beneficiaries were benefitted from April 2022 to March 2026.
- In Teleconsultation, Tamil Nadu was awarded First place by the Union Minister at the National level award ceremony held at Varanasi on 10th December 2022.

Varumun Kappom Thittam

The flagship programme Varumun Kappom Thittam was launched in order to bring changes in wellness attitude and health seeking behaviour of the people. The scheme was implemented in the banner of Specialty Medical Camp during 2001-2006 and 2011-2021. The scheme was inaugurated on 29.09.2021 in Vazhapadi, Salem District for conducting 1,250 Medical camps by teams of Medical experts all over the State (1155 Camps in 385 Blocks, 80 Camps in 20 Corporations and 15 camps in Greater Chennai Corporation).

This scheme provides comprehensive health check up, treatment and health education to the rural and urban people. During the Varumun Kappom Thittam Camps, all the Specialist Doctors screened the beneficiaries for communicable and non-communicable diseases and treatment was given for minor ailments. All investigations like blood,

urine examination was done by using modern lab equipments like semi Auto Analyser. All pregnant mothers were examined with Ultra Sonogram to detect any foetal abnormalities. Camps were conducted from 9.00 a.m. to 4.00 p.m. The referral and follow up camps were conducted in the referral institutions.

In this camp, treatment is given for the diseases like cancer, diabetics, hypertension, heart diseases and geriatrics diseases to the village people in addition to the general treatment by utilizing the services of Specialists in this field from Government Hospitals. Patients who need surgery will be referred to Government Hospitals and also referred under Chief Minister's Comprehensive Health Insurance Scheme.

Multi-speciality camps

The scheme was inaugurated on 02.08.2025 for conducting 1256 Medical camps by teams of Medical experts all over the State, 1164 Camps in rural (388 Blocks – each 3 camps per block), 77 Camps in urban (4 camps each in 5 major Corporations with more than 10 lakh population, 3 camps each in 19 corporations with less than 10 lakh population) and 15 camps in Greater Chennai Corporation (1 camp per zone).

During the year 2025-2026, 1256 Camps were conducted and 18,53,280 persons were benefitted from Nalam Kaakkum Stalin – Multi Speciality Camps.

Vector Borne Diseases

The Vector-borne and other zoonotic diseases are a group of communicable diseases transmitted by mosquitoes and other vectors. The Vector-borne and other zoonotic diseases are Malaria, Filaria, Dengue, Japanese Encephalitis, Leptospirosis and Rabies.

The main activities include source reduction, Antilarval work, Anti-adult work, fogging, community participation and IEC.

On Daily basis 25,000 field workers (Domestic Breeding Checkers) are deployed for controlling vector borne diseases. In Coordination with other departments the temporary field workers are engaged at the rate of 20 per block, 10 in each town panchayat and one temporary field worker per 250 to 300 households in Municipalities and Corporations.

All life savings Drugs, Equipment such as Blood Components, Blood platelets are stored in adequate quantities in all Government Health Facilities.

DENGUE

Dengue is a viral disease transmitted by 'Aedes' Mosquito. The important Symptoms of dengue are Fever, Myalgia and Headache.

Table 15: Dengue Incidences 2021- 2026 (up to 06.05.2026)

Sl.No.	Year	Cases	Death
1.	2021	6,039	8
2.	2022	6,430	8
3.	2023	9,121	12
4.	2024	27,378	13
5.	2025	25,521	12
6.	2026 (upto 06.05.2026)	5,610	02

Chikungunya

Chikungunya is caused by a virus and is transmitted to humans by infected Aedes mosquitoes. There has been a decline in chikungunya cases due to the effective control measures taken by the Government of Tamil Nadu.

Table 16: Chikungunya Incidence 2022-2026 (upto 06.05.2026)

S.No.	Year	Number of Cases
1.	2022	181
2.	2023	222
3.	2024	674
4.	2025	580
5.	2026 (upto 06.05.2026	170

Malaria

Malaria is a parasitic disease caused by Plasmodium vivax (P.vivax), Plasmodium falciparum (P.falciparum), and transmitted through the bites of female Anopheles mosquitoes.

Due to concerted efforts, there has been marked reduction of cases from 347 in 2024 to 321 in 2025. Out of 38 districts, 33 districts like Kancheepuram, Tiruvallur, Vellore, Tirupattur, Ranipet, Tiruvannamalai, Cuddalore, Viluppuram, Kallakurichi, Thanjavur, Tiruvarur, Nagapattinam, Mayiladuthurai, Tiruchirappalli, Karur, Ariyalur, Perambalur, Pudukkottai, Madurai, Theni, Dindigul, Sivaganga, Virudhunagar, Tirunelveli, Tenkasi, Salem, Namakkal, Krishnagiri, Coimbatore, Tiruppur, Erode, Dharmapuri and The Nilgiris districts has attained malaria free status and activities are in progress in the other 5 districts to achieve malaria free status. In view of the efforts taken by the Government of Tamil Nadu has received National Award in 2021 for excellence in Malaria elimination.

Table 17: Malaria Incidence 2020 - 2026 (up to 06.05.2026)

Sl. No.	Year	Number of Cases
1.	2020	891
2.	2021	772

4.	2023	384
5.	2024	347
6.	2025	321
7.	2026 (upto 06.05.2026)	41

Japanese Encephalitis

Japanese Encephalitis is a mosquito-borne zoonotic viral disease. The virus is maintained in animals, birds and pigs which act as natural hosts. Pigs and wild birds are reservoirs of infection and are called amplifier hosts in the transmission cycle. 14 district viz., Ariyalur, Kallakurichi, Perambalur, Viluppuram, Cuddalore, Tiruvannamalai, Virudhunagar, Tiruchirapalli, Thanjavur, Tiruvarur, Madurai, Pudukottai, Karur and Tiruvallur reported JE cases. Japanese Encephalitis immunization in campaign mode in all the above districts for the children 1-15 years of age.

RTPCR detects the presence of the Japanese Encephalitis Virus in Mosquitoes that transmit the disease and Prevention is taken.

Table 18: Japanese Encephalitis incidence 2020-2026 (upto 06.05.2026)

Sl.No.	Year	Cases	Death
1.	2020	47	1
2.	2021	38	2
3.	2022	28	0
4.	2023	19	2
5.	2024	47	0
6.	2025	65	0
7.	2026 (upto 06.05.2026)	26	0

Lymphatic Filariasis

Filariasis is a disease of morbidity swelling leg caused by parasitic worm transmitted by the culex mosquitoes.

Mass Drug Administration programme with Diethyl Carbamazine Citrate (DEC) tablet started in 1996 in Cuddalore District as a pilot project and it was carried out from 1997-1998 in all endemic districts. Since most of the Filaria endemic districts have reported less than 1% Micro Filaria Rate, Transmission Assessment Survey had been conducted using Filaria Test Strip in 26 Districts, as per the WHO guidelines. Morbidity Management training with Morbidity Management kit, migratory population screening etc., along with hydrocelotomy are being carried out.

Tamil Nadu is in the process of Elimination of Lymphatic Filariasis. Government is providing financial assistance to the Grade-IV Filaria patients at the rate of Rs.1000/- per month. 8,023 patients have been benefitted by this scheme for which government has allotted Rs.9.62 crore.

Leptospirosis

Leptospirosis is a zoonotic disease transmitted to animals to human beings caused by bacteria and spread through the urine of infected animals. Humans can acquire the infection through direct contact with urine from infected animals or through water/soil contaminated with infected animal urine.

The bacteria can enter the body through skin or muscles membrane like eyes, nose and mouth from a cut or scratch Exposure to contaminated water like floodwaters increase the risk of infection.

Lab testing facilities are available in all the District Public Health Laboratory, State Public Health Laboratory, Institute of Vector Control and Zoonosis, Hosur and Tamil Nadu Veterinary and Animal Science University (TANUVAS), Chennai.

Table 19: Leptospirosis incidence 2015-2026 (06.05.2026)

Sl.No.	Year	Cases	Death

Civil Registration System (CRS):

Civil Registration System is being successfully implemented in Tamil Nadu. Further all entries of events are registered and certificate issued through CRS software from 2018 onwards and public can download the certificates at free of cost.

Year	Registered Birth	Registered Death
2020	9,39,783	6,91,376
2021	9,12,864	8,74,978
2022	9,36,366	6,96,110
2023	9,02,306	6,93,114
2024	8,46,562	6,95,527
2025	8,01,989	6,90,219
2026 (January to April 2026)	2,34,739	2,37,298

Medical Certification of Cause of Death (MCCD):

Under section 10(2) and 10(3) of Registration of Births and Deaths Act 1969, the Medical Certification of Cause of Death (MCCD) is mandatory.

E-Mortality Software

A web-based electronic recording and report generation system for the Medical Certification of Cause of Death has been developed under e-Mortality software which has been developed and integrated into the Civil Registration System software. The software captures the Cause of Death as per ICD-10 (International Coding of Diseases). The qualitative Cause of Death data captured through e-Mortality software aids in obtaining mortality statistics and supports health planning. After successful implementation of e-Mor software, 100% of institutional deaths are registered using Form 4.

Year	No. of Institutional Deaths	No. of Medically certified deaths	Percentage of Medically certified
2021	2,43,048	2,32,885	95.8
2022	1,60,990	1,60,987	100
2023	1,64,484	1,64,440	100
2024	1,64,387	1,64,387	100
2025 (Provisional)	1,66,736	1,66,060	99.5

District CRS Approach

This programme was piloted in Karur and Krishnagiri districts to capture the cause of deaths at fields which are reported without a recorded cause of death. During 2023, in Karur district, out of 5,987 deaths registered, the cause of death for 5,797 (from 27% to 98%) deaths was captured and at Krishnagiri district out of 10,119 registered deaths the cause of death for 9,947 deaths, increasing coverage from 42% to 98%, with effect from 01.10.2025, under ICMR's sponsorship the programme has been extended to 10 additional districts in a phased manner. The "District CRS Approach programme" is being implementation in Tirunelveli and Perambalur districts.

AYUSH Paramedical Courses

Tamil Nadu is the first and only State in India to offer 2½ years AYUSH Paramedical Courses, viz., Diploma in Integrated Pharmacy (D.I.P.) and Diploma in Nursing Therapy (D.N.T.) under the Indian Medicine and Homoeopathy Department on a self-supporting basis. The expenditure for these courses is met from the fees collected from the students. These courses are offered at the Government School of AYUSH Paramedical Courses at Arignar Anna Government Hospital of Indian Systems of Medicine Annex Campus, Chennai and at the Campus of Government Siddha Medical College, Palayamkottai. The annual intake of seats sanctioned and the number of students admitted to the Diploma Courses during 2025-2026 are furnished as follows:

Medical Treatment

The State is providing medical treatment under the Indian Systems of Medicine and Homoeopathy through 1653 functional wings including those attached to Medical Colleges with a total in-patient capacity of 1790 beds. The infrastructure comprises 5 wings at the Medical College (ESI), Coimbatore, 475 NRHM Wings co-located in Primary Health Centres, 172 AYUSH Wellness Clinics, 18 Tribal Mobile Units and 3 Integrated AYUSH Hospitals offering Siddha, Homoeopathy and Yoga and Naturopathy Services. These facilities are functioning in Taluk Hospitals, Non-Taluk Hospitals, Primary Health Centres and Regular Dispensaries ensuring accessible AYUSH healthcare services across the State.

Nilavembu Kudineer/ Kabasura Kudineer Beneficiaries (April 2025 to March 2026)

The Indian Systems of Medicine has played a significant role in the prevention and control of communicable diseases and in strengthening community-level immunity among the public. As part of preventive healthcare measures Nilavembu Kudineer and Kabasura Kudineer were distributed across the State for their proven prophylactic benefits against Dengue fever and other viral fevers. A total of 1,20,32,887 persons were benefited through the distribution of Nilavembu Kudineer while 77,00,304 persons benefited from Kabasura Kudineer.

Drug Budget – AYUSH

Out of the 1,653 AYUSH wings, 985 are funded through the State Budget and 668 through the National AYUSH Mission (NAM) under a 60:40 (Central: State) funding arrangement, with support also from the National Health Mission (NHM) as given in the table below:

Table 13: AYUSH Drug Budget (Rs. in crore)

Year	2023–2024	2024–2025	2025–2026
State Budget	27.50	28.88	28.88

State Drugs Testing Laboratory (Indian Medicine & Homoeopathy)

Standardization of drugs under the Indian Systems of Medicine is a complex scientific process due to the inherent variability of natural products influenced by ecological factors. With the objective of ensuring the quality, safety and efficacy of drugs manufactured under Ayurveda, Siddha, Unani and Homoeopathy systems, the State Drugs Testing Laboratory (Indian Medicine & Homoeopathy) has been established in 2003. The Laboratory functions as a statutory body under Chapter IV-A of the Drugs and Cosmetics Act, 1940 and Rules, 1945 and plays a vital

role in strengthening the enforcement mechanism by testing statutory samples collected by Drug Inspectors/ District Siddha Medical Officers under Section 33G of the Act.

The Laboratory undertakes the analysis of raw drugs, classical medicines and proprietary medicines through its Siddha, Ayurveda, Unani, Homoeopathy, Chemistry, Pharmacognosy and Microbiology divisions. Samples are tested for identity, purity and strength in accordance with the respective Pharmacopoeia of Indian Systems of Medicine, Indian Pharmacopoeia and Bureau of Indian Standards. This Laboratory ensures quality of ASU&H drugs by analysis of estimation of medicine compounds, detection of steroids and determination of heavy metals. This laboratory faces the massive challenges posed by sub-standard, spurious, misbranded and adulterated drugs.

Table 19: The tasks accomplished by State Drug Testing Laboratory (I.M & H)

Year	Total Number of Samples Tested	Standard Quality	Not of Standard Quality
April 2025 to March 2026	2,692	2,664	28

State Drug Licensing Authority (Indian Medicine)

The Office of the State Licensing Authority (Indian Medicine) in Tamil Nadu has been functioning since 29.11.2007 under the administrative control of the Directorate of Indian Medicine and Homoeopathy. The Authority is responsible for ensuring the quality, safety and efficacy of Siddha, Ayurveda and Unani drugs manufactured in the State in accordance with the provisions of the Drugs and Cosmetics Act, 1940 and the Drugs and Cosmetics Rules, 1945.

As on 31.03.2026 a total of 15 licences have been granted to Drug Testing Laboratories in the State.

As on 31.03.2026, 626 licences have been issued for the manufacture and sale of Siddha, Ayurveda and Unani drugs in the State.

All Siddha, Ayurveda and Unani drug manufacturing units in Tamil Nadu are certified for Good Manufacturing Practices (GMP) in accordance with the provisions of Schedule - T of the Drugs and Cosmetics Act, 1940 and the Drugs and Cosmetics Rules, 1945.

Arignar Anna Government Hospital of Indian Medicine, Chennai

The Arignar Anna Government Hospital of Indian Medicine, Arumbakkam Chennai has been operational in this campus, since 1970 addressing the healthcare needs of the population in and around Chennai District. The hospital has a capacity of 310 beds which includes 120 beds for Siddha, 35 beds for Varma, 55 Beds for Ayurveda and 100 beds for Unani which is equipped with all essential facilities. It offers treatments under all major systems of Indian Medicine and Homoeopathy including Siddha (with Varma), Ayurveda, Unani, Yoga & Naturopathy and Homoeopathy.

The hospital is supported by a dedicated Pharmacy for preparing fresh medicines required for Siddha, Ayurveda and Unani treatments. During the year 2025-2026, the Pharmacy produced medicines in the following quantities:

- Siddha : 47,162 Kg
- Ayurveda : 15,065 Kg
- Unani : 31,905 Kg

In the Hospital various special OPD’s are functioning efficiently and the number of patients has benefited from various special OPD’s has increased compared to last year. The details are as follows:

Table 20: Special OPD's Performance

Sl. No.	Special OPD	Beneficiaries During 2024-2025	Beneficiaries During 2025-2026
1.	Diabetes	11,574	13,480
2.	Cancer	2,471	3,685
3.	Infertility	2,909	2,382
4.	Asthma	3,114	2,705
5.	Hypertension	2,008	1,830
6.	Skin diseases	9,232	8,257
7.	Autism	506	145
8.	Primary Complex	181	110
9.	Spinal Cord diseases	4,547	5,098
Total		**36,542**	**37,692**

The Cancer OPD has witnessed a remarkable increase in the number of patients this year reflecting the growing trust and effectiveness of the treatments provided. A significant number of patients have been benefited from the comprehensive care offered including those referred by speciality cancer hospitals such as the Adyar Cancer Institute.

In-House Quality Control Laboratory

Arignar Anna Hospital of Indian Medicine has its own in-house Quality Control Laboratory, which ensures the quality of medicines prepared. After quality assurance the medicines are distributed to the out-patients and in-patients of Arignar Anna Hospital of Indian Medicine and to its attached Siddha and Ayurveda wings.

The total number of beneficiaries in the out-patient department including those from the 25 attached wings (Siddha-9, Homeopathy-5, Ayurveda-1 and Yoga and Naturopathy-10) are 9,90,940 and the number of in-patients treated in the hospital is 60,836 during 2025-2026.

Tamil Nadu Medicinal Plant Farms and Herbal Medicine Corporation Limited (TAMPCOL)

Tamil Nadu Medicinal Plant Farms and Herbal Medicine Corporation Limited (TAMPCOL) was formed on 27.09.1983 with the main objective

of manufacturing and supplying Indian System of Medicines viz. Siddha, Ayurveda and Unani medicines.

- TAMPCOL has been appointed as Nodal Agency for procurement and supply of all kinds of Indian System (Siddha, Ayurveda, Unani, Yoga and Naturopathy) and Homoeopathic Medicines, Instruments, Machineries and Equipments required by all the institutions functioning under the control of Commissionerate of Indian Medicine and Homoeopathy.
- The Corporation has been manufacturing 188 medicines of Siddha, Ayurveda, Unani, Yoga & Naturopathy and Veterinary medicine during 2025-2026.
- TAMPCOL has inaugurated pay ward at IIYNMS Chengalpattu on 06.02.2026 for providing quality health care facilities at affordable price.
- TAMPCOL has launched Cosmetic products and Soap in our Alathur Factory of TAMPCOL itself in 2025-2026 and purchased machineries at a cost of Rs.61.62 lakh for the above production effectively.
- TAMPCOL supplied Mother Baby Care Kit for the value of Rs 462.11 lakh during 2025-2026
- Supplied Veterinary Medicines to the Animal Husbandry Department to the tune of Rs 163.38 lakh
- Purchase of Medicines for Nodal activities to the tune of Rs.31.3 Crore and for procurement of machinery & equipment to ISM institutions order have been issued to the tune of Rs.6.54 crore.

State Ayush Society –Tamil Nadu

State Ayush society – Tamil Nadu is formed in the year 2015 to implement the National AYUSH Mission (NAM) Scheme. The NAM Scheme is implemented from the funds received from the Government of India

and Government of Tamil Nadu on the sharing pattern in the ratio of 60:40. During 2025-2026 a preliminary sanction of Rs.5,412.375 lakh under SNA-SPARSH platform was sanctioned and the same amount was released by Government of India and Government of Tamil Nadu. Out of Rs.5,412.375 lakh, a sum of Rs.3,840.477 lakh have been utilized for the activities approved by the Mission Director, National AYUSH Mission, Government of India.

In the overall expenditure, a sum of Rs. 2546.75 lakh have been utilized for procuring medicines, Rs.964.71 lakh for manpower and Rs.282.97 lakh have been utilized for infrastructure activities.

Table 21: The following key activities have been implemented under NAM Scheme during 2025-2026

Sl.No.	Scheme	No. of Beneficiaries
1.	School Health Programme	1,41,812
2.	Magaperu Sanjeevi Kit	1,19,510
3.	Ayush Tribal Mobile Medical Unit	1,08,885
4.	Musculo Skeletal Disorder Treatment	4,17,014

Research and Development Wing for ISM Chennai

Research and Development (R&D) Wing has been established specifically to carry out research activities in the Indian System of Medicine. Based on the current curriculum for Undergraduate and Postgraduate students, research projects have been integrated into practical training. Through this R&D Wing, training has been provided to 19 students of Siddha discipline, 5 of Ayurveda and 4 of Unani from Government and Private Colleges. Motivational workshops titled "NAATRANGAAL" and "SWIMER" for Undergraduate and Postgraduate students are also conducted by this Wing.

Research scholars training have been carried out by this wing in collaboration with State Drugs Testing Laboratory. 132 Research studies have been completed and 5 Research articles have been published.

Details of Research On going:

- Standardization of Nisha Amalaki Chooranam tablet.
- Fourteen Animal Research Protocol has been Completed.
- Standardization of Amalaki Rasayanam an Ayurvedic Formulation.
- Formulation and Evaluation of Nakkupuchi (Kolli) Chooranam (NKC).
- Formulation and Standardization of a tetra Poly-herbal and Anti-diabetic Drug (Combination of Venthayam, Omam, Karunjeeragam and Avarampoo)

Varma Department

Varma therapy is being practiced at the Varmam Medicine Department functioning under the Arignar Anna Hospital of Indian Medicine. Varmam Therapy is a specialized treatment method within Siddha system of medicine. It is a therapeutic approach that restores the body from disease by regulating the vital life energy that governs bodily functions through stimulation techniques. Through this treatment, diseases related to bones and joints such as joint pain, hip pain and neck pain; neurological conditions like paralysis and seizures; ailments related to the intestines, stomach, lungs, kidneys and liver; as well as conditions such as diabetes, hypertension and thyroid disorders are treated. Additionally, Varma therapy is used for treating diseases affecting the elderly and women.

Table 22: Details of beneficiaries who received treatment through Varma therapy during the year 2025-2026

Details	Male	Female	Children	Total
Out – Patients	16,330	29,883	732	46,945
In – Patients	7,388	13,482	208	21,078
Total	**23,718**	**43,365**	**940**	**68,023**

CHAPTER – 7

NATIONAL HEALTH MISSION - TAMIL NADU

Introduction

The State Health Society, Tamil Nadu, was established and registered under the Tamil Nadu Societies Registration Act, 1975 on 15.03.2006. Similarly, all the District Health Societies have been registered under the same act.

Sanctioned Staff Strength of National Health Mission – Tamil Nadu

The NHM - Tamil Nadu has achieved several milestones including the availability of qualified and skilled Human Resources for Health (HRH) who are vital for service delivery and effective management of the State's health system. At present, 46,616 contractual staff and 9,311 Regular staff totalling 55,927 are supported under National Health Mission – Tamil Nadu and are placed across the 38 districts of the State.

The overall personnel management is carried out by the Programme Management Unit (PMU) at the State and District level. In Tamil Nadu, the category-wise posts supported under NHM are listed below:

Table 1: Category wise HR supported under NHM

Sl.No.	Category Wise	Sanctioned post
1.	Obstetrician	394
2.	Anesthetist	154
3.	Paediatrician	157
4.	Pathologist	14
5.	Psychiatrist	109
6.	Radiologist	18
7.	Other Specialists	18
8.	Microbiologist	80
9.	Surgeon	195

Sl.No.	Category Wise	Sanctioned post
10.	Medical Officer	4,368
11.	Medical Officer-Ayush	475
12.	Dental Surgeon	564

37.	MPHW	5,380
38.	SPMU/DPMU/BPMU	3,699
Total		**55,927**

Salient achievements of the National Health Mission-Tamil Nadu as on 31st March 2026 are detailed below: -

Maternal Health

i. 3,45,388 women have benefited, through the Janani Suraksha Yojana (JSY)

ii. 6,63,925 ante-natal mothers have attended the ante-natal clinic in PHCs out of whom 6,23,451 mothers have been provided with diet

iii. 34,970 post-natal mothers have delivered at Primary Health Centres of whom 19,768 mothers have undergone sterilization and 34,431 mothers provided with diet.

iv. A total of 7,78,821 deliveries were conducted in Tamil Nadu out of which 4,15,415 deliveries were conducted in government facilities and 3,63,406 deliveries were conducted at private medical facilities. A total of 4,20,218 C sections were performed.

v. 74,922 High Risk ante-natal mothers identified have been admitted and observed at the 30 bedded upgraded PHCs and were provided with diet.

vi. 1,30,158 moderate anemic ante-natal mothers have been provided with iron sucrose infusion

vii. 3,06,738 pregnant women have been transferred from their homes to health facilities and also through inter-facilities transfer wherever needed.

viii. 2,87,759 mothers who delivered have been transported back from health facilities to their homes.

Ayush

AYUSH (Ayurveda, Yoga and Naturopathy, Unani, Siddha and Homoeopathy) services are provided in 475 PHCs. 95,04,639 Out-Patients have been treated (Siddha – 57,50,832, Ayurveda – 10,66,967 Unani– 6,13,021, Homeopathy – 11,25,592 Yoga and Naturopathy–9,48,227).

Mobile Medical Units and Tribal Mobile Medical Units

Mobile Medical Units (MMUs) form a critical pillar of the State's public health system under NHM, delivering essential primary healthcare to residents of remote and inaccessible areas, as well as to marginalized communities across rural, urban, and tribal areas. At present, 396 Rural MMUs, 10 Urban MMUs, and 20 Tribal MMUs (Total: 426 units) are operational. Each unit is staffed with a Medical Officer, Staff Nurse, Laboratory Technician, Driver and Cleaner, ensuring effective doorstep service delivery across all regions.

Tamil Nadu Accident and Emergency Care Initiative (TAEI)

At present there are 113 TAEI in 41 Medical College Hospitals and attached DME Institutions, 30 District Headquarters Hospitals and 42 Sub-District Hospitals located in strategic locations along the highways.

TAEI Registry

- TAEI Registry 2.0 has been designed to collect patient data and has been developed as both a web app and a mobile app to be accessible on different platforms. The treatment provided to patients in 108 ambulance and in the hospital are included in this registry. Therefore, this data on patient care will pave way for improving the quality of treatment provided to patients. TAEI Registry 2.0 is now being rolled out in 113 TAEI hospitals. The Government of Tamil Nadu launched the TAEI Registry 2.0 Application on 08.11.2025.
- Data related to trauma and accidents, burns, poisoning, self-harm, myocardial infarction, stroke, and Pediatric Emergency

Medical Management (PREM) are collected daily through the TAEI Registry. Since its introduction, data collection has been strengthened, enabling systematic monitoring of the quality of emergency medical services across all TAEI centres and facilitating evidence-based research and analysis. The State of Tamil Nadu is the first State in the country to establish a robust emergency care system with a giant leap of creation of IT based TAEI Registry. These systems are not present Even in Private hospitals too. IT based TAEI registry has sharpened the monitoring and evaluation framework of emergency care service delivery in the state at all TAEI centers.

- For the period from 01.11.2025 to 03.05.2026 a total of 10,08,678 emergency cases have been entered in TAEI registry 2.0.

From 113 TAEI centres the basic demographic line list of patient data pertaining to all emergency is collected in TAEI registry softwares itself. In specific to:

1. **STEMI:** Individual line list of patient data from admission upto discharge / death is collected from 21 Hub hospitals and 195 Spoke hospitals;
2. **SCRIPT:** Individual line list of patient data from admission upto discharge / death is collected from 21 Hub hospitals and 76 Spoke hospitals;
3. **PREM:** Individual line list of patient data is collected through TAEI Registry from 116 TAEI centers.
4. **Poison, Bites & sting:** Individual line list of patient data is collected through TAEI Registry from 113 TAEI centers.
5. **Trauma:** Individual line list of patient data from admission upto discharge / Death is collected through TAEI Registry software.
6. **Burns:** Individual line list of patient data from admission upto discharge / Death is collected in TAEI Registry software itself.

National Quality Assurance Programme in Tamil Nadu

Under the National Quality Assurance Standards (NQAS) Certification Programme, a total of 2,120 Government health facilities has been Nationally certified in Tamil Nadu as of 2025-26. This includes 20 Government District Headquarters Hospitals (DHQH), 82 Sub-District Hospitals (SDH), 147 Community Health Centres (CHC), 660 Primary Health Centres (PHC), 196 Urban Primary Health Centres (UPHC), and 1,015 Health Sub Centres – Health & Wellness Centres (HSC-HWC).

During the financial year 2025-26 the State achieved significant progress under the programme with certification of 1,250 facilities, including large-scale certification of Health Sub Centres – Health & Wellness Centres, thereby strengthening quality assurance systems at the primary healthcare level across the State.

The programme has contributed towards institutionalizing quality assurance mechanisms, improving patient care services, infection prevention and control practices, patient satisfaction, and strengthening service delivery standards across public health facilities in Tamil Nadu.

CHIEF MINISTER'S COMPREHENSIVE HEALTH INSURANCE SCHEME

Government of Tamil Nadu launched Chief Minister insurance scheme for life saving treatments on 23.07.2009 to ensure that such poor and low-income groups who cannot afford costly treatment, are able to get free treatment in Government as well as private hospitals for such serious ailments. In this scheme, 1.34 crore families have enrolled as beneficiary, each beneficiary family was insured for availing free treatment upto Rs.1 lakh. The Government paid the entire premium for this purpose.

In continuation of the above insurance scheme, in view of the enormous public benefit due to the successful implementation of the scheme continued for five years from 11.01.2022 through United India Insurance Company Limited. Currently, 1.45 crore families are covered under this revolutionary scheme at the premium of Rs.849/- and the insurance coverage is Rs.5.00 lakh per family per year. Also the annual family income ceiling for enrollment as beneficiary under the scheme was increased Rs.1,20,000/- from 11.01.2022.

For the period from 11.01.2025 to 10.01.2026 a total premium amount of Rs. 1207.79 crore was disbursed, calculated at an annual premium rate of Rs. 849 per family. For the year 11.01.2026 to 10.01.2027 a premium amount of Rs. 1,173.66 crore was paid to the insurance company, covering 1,45,51,697 families at an annual premium rate of Rs.849 per family/-

Furthermore, during the 2nd, 3rd, 4th, and 5th years, 95% of the premium amount will be disbursed at the beginning of the year. The remaining 5% will be disbursed at the end of the year. The disbursed premium amount includes the Tamil Nadu Government's 40% share, intended for the integrated implementation of the Chief Minister's Comprehensive Health Insurance Scheme with the Pradhan Mantri Jan Arogya Yojana.

As a special recognition under the Chief Minister's Comprehensive Health Insurance Scheme, insurance cards have been issued to the individuals listed below:

Sl. No.	Particulars	Beneficiary Numbers
1.	Inmates from Homes for mentally ill persons	2,620
2.	Children who lost their parents (both father & Mother)	8,573
3.	Non-orphans from child care institutions	557
4.	Families of Accredited Journalists and periodicals journalists	622
5.	Transgender	5,343
6.	Inmates from old age homes	1,252
7.	Inmates of Mental Health Institute, Kilpakkam	111
8.	Srilankan tamil refugees in camps & Sri Lankan Tamils outside refugee camps	8,437
9.	Differently abled	10,03,996
10.	Unorganized workers including construction workers	17,03,000
11.	Conservative workers welfare board	29,787

At present 2,226 hospitals (981 Government Hospitals and 1,245 Private Hospitals) are empanelled under the scheme. The scheme covers 2053 medical and surgical treatment procedures including (8 High-end procedures, 52 complete diagnostic procedures and 11 follow-up procedures) speciality packages follow-up treatment, Diagnostic procedures.

A total of 1,60,38,927 beneficiaries are benefitted from claim approval of 15,840 crore rupees under the scheme from 23.07.2009 to 31.03.2026 under Chief Minister’s Comprehensive Health Insurance Scheme. In this Government hospitals 56,46,627 beneficiaries are benefitted from claim approval of 6,354 crore rupees.

From 11.01.2025 to 10.01.2026 a total of 11,76,439 beneficiaries are benefitted from claim approval of 1490.11 crore rupees under this scheme.

Corpus Fund under Chief Minister's Comprehensive Health Insurance Scheme for High End Procedures

Since 2012, The Government have sanctioned Rs.10 crore for creating Corpus fund under Chief Minister's Comprehensive Health Insurance Scheme to enable the needy and poor people to undergo high cost surgical treatment like Liver transplantation, renal transplantation, bone marrow transplantation etc. 12.5% of claims amount in Government hospitals under CMCHIS and 3% of the claims earned by Private Hospitals from High End procedure is also credited to corpus fund to mobilize funds. An additional amount of Rs.25 Crore was sanctioned for Corpus fund and totally Rs.35 Crore has been sanctioned. Further to sustain the scheme, the revised sharing pattern for Government institution has been raised from 12.5% to 27%. Under this fund, the excess amount over the annual ceiling limit of Rs.5 Lakh for specialized surgeries will be met in cases where the actual expenditure exceeds the annual insurance coverage limit of Rs.5 Lakh.

High End Procedures viz., 1) Liver transplantation 2) Renal transplantation 3) Cochlear implantation 4) Bone Marrow transplantation 5) Heart transplantation 6) Lung transplantation 7) Heart and Lung transplantation and 8) Auditory Brain Stem

From 11.01.2012 to 31.03.2026 a total of 18,876 beneficiaries have been benefitted for 1,618.09 crore rupees for High End procedures.

Sl. No.	Procedure	Number of Patients approved	Amount Approved (Rs. in Crore)
1.	Cochlear Implant	6397	445.47
2.	Renal Transplant	6848	270.66

Additional KIOSK Centre in Chennai

Registration of new beneficiaries under the Chief Minister's Comprehensive Medical Insurance Scheme in the Metropolitan Corporation area of Chennai is currently being done through the Enrolment Kiosk at the District Collector's Office. Considering the expansion of the Greater Chennai Corporation, to accommodate the

growing population and for the convenience and benefit of the public in the Central and South Chennai areas, an Enrolment Kiosk has been set up

Integration of the Pradhan Mantri Jan Arogya Yojana (PMJAY) with the ongoing Chief Minister's Comprehensive Health Insurance Scheme.

The Government of Tamil Nadu have issued orders for the integration of PMJAY along with CMCHIS in the State from 23.09.2018. Currently 86.50 lakh family are identified as beneficiaries under PMJAY. After integration with AB-PMJAY, CMCHIS beneficiaries will also get enhanced coverage upto Rs.5 Lakh per family / per annum.

INNUYIR KAPPOM THITTAM – NAMMAI KAKUM – 48

To reduce the deaths due to Road Traffic accidents Nammai Kaakkum 48 Scheme is launched to provide free emergency medical care during the first 48 hours of an accident. The Government of Tamil Nadu launched a new scheme "Innuyir Kappom Thittam – Nammai Kaakkum 48" was on 18.12.2021 to address the increasing death rates due to road traffic accidents. Under this scheme, 101 designated treatment modalities/ procedures for damage control measures costing upto Rs.2 lakh per individual will be extended on a cashless basis on assurance mode to all victims of Road Traffic Accidents (RTAs) occurring within the territory of Tamil Nadu, irrespective of whether they possess a Chief Minister's Comprehensive Health Insurance Scheme (CMCHIS) insurance card or not, including people from other states/foreigners. The Scheme is executed through CMCHIS under Assurance Mode.

Operational Guidelines

- Accident victim can take the first 48 hour treatment on a cashless basis in the empanelled hospitals in the approved procedures.

- If the victim continues to be unstable after 48 hours, treatment will be continued free of cost in Government Hospital and for a patient admitted in empanelled private hospital will be treated as per the following guidelines.

Sl.No.	Category wise	Treatment Method
1.	If the victim is a Chief Minister's Insurance Scheme beneficiary	The treatment will be continued under CMCHIS as per the existing packages
2.	If the victim is not a Chief Minister's Insurance Scheme beneficiary	The patient will be stabilized and then transferred to the nearby Government Hospitals
3.	If the victim is not willing to go to Government Hospital and is willing to take treatment in other Private Hospital under payment /private insurance scheme	The patient will be stabilized and treated in the same hospital or transferred to other hospital of the patient's choice. Such Patients will have to pay the hospital fees from their own resources.

5.	2025-2026	Regular	1111.21

The entire logistics related to procurement, testing and distribution is monitored through a proven robust IT enabled network put in place right from inception of the Corporation.

Storage and Distribution

The Government Medical Institutions are collecting the required drugs and medicines from the district drug warehouses located all over the State through dedicated pass-books issued for the budget allotted by the Directorates. The procurement and stocking quantity of drugs and medicines at the warehouses are being done in a dynamic manner, based on the consumption pattern and ensuring a minimum stock level of about 6 months requirement.

Construction of New / Additional Drug Warehouses

In the year 2025-26, new District Warehouses at Chengalpattu, Tirupathur, Kallakurichi, Tenkasi and Mayiladuthurai were constructed and recently opened for operations. Also Additional warehouse buildings for the existing Drug warehouses at Madurai, Tirunelveli and Thanjavur were added recently and construction of Additional buildings at Drug warehouses in Coimbatore and Anna Nagar (Chennai) are in progress.

Quality Control

Each and every batch of EDL drugs procured are tested through empanelled Laboratories before issuing the drugs to the Health Institutions, besides periodic retesting of the stock at warehouses by TNMSC and at the Institutions through state drug control department to ensure efficacy of the stock.

Procurement of Equipment

By following transparent tender process this Corporation procures equipment based on specific indents from the respective Directorates and NHM. Procurement for externally aided projects like JICA's Tamil Nadu Urban Healthcare Project (TNUHP) and the World Bank's Tamil Nadu Health Systems Reform Project (TNHSRP) were also undertaken. The details of equipment procured in the last 5 years are given below:

Table 3: Details of equipment procurement made in the last 5 years

Sl.No.	Year		Value (Rs. in Crore)
1.	2021-2022	Regular	376.75
		Covid -19	587.66
2.	2022-2023	Regular	401.67
3.	2023-2024	Regular	869.67
4.	2024-2025	Regular	687.45
5.	2025-2026	Regular	1070.69

The equipment procured carries a warranty of 3 years, followed by Comprehensive Annual Maintenance contract (CAMC) for 7 years at prefixed rates.

Advanced Diagnostic and Therapeutic Facilities

CT scanners

TNMSC operates and maintains 140 CT scanners in 105 centres in tertiary care and secondary care hospitals at highly subsidised rates at Rs.500/- per scan, plus Rs.300/- for contrast and Rs.3000/- per scan for 128 slice CT scanner for the benefit of general public, on a self standing mode of operation.

Table 4: Details of CT Scans taken in the last 5 years in Tamil Nadu

Budget Year	Number of Machines	Number of cases taken

Seven PET CT scan services under Public Private Partnership mode have been established and functioning at Government Rajaji Hospital, Madurai, Rajiv Gandhi Government General Hospital, Chennai, Government Arignar Anna Cancer Hospital Karapettai, Kancheepuram, Government Medical College Hospital, Coimbatore, Government Medical College Hospital Thanjavur, Government Mohan Kumaramangalam Medical College Hospital, Salem and Government Medical College Hospital, Tirunelveli.

CHAPTER – 10

DIRECTORATE OF FAMILY WELFARE

Introduction

The National Family Welfare Programme has been implemented in Tamil Nadu since 1956. To effectively implement, monitor, and promote the programme as a people-centred initiative, the Directorate of Family Welfare was established in the State. The programme is implemented through the active involvement and coordination of various Directorates and Government Departments.

The primary objective of the Family Welfare Programme is to stabilize the population growth while improving the health and well-being of mothers and children. The programme aims to reduce key health indicators such as the Maternal Mortality Ratio (MMR) and Infant Mortality Rate (IMR) by providing quality reproductive, maternal, newborn, child, and adolescent health services.

Tamil Nadu is widely recognized as a pioneering state in the country for its successful implementation of the Family Welfare Programme. Owing to the State's remarkable achievements in reducing the Birth Rate and achieving population stabilization, the programme's focus has gradually shifted from a target-based approach to a community need-based approach, emphasizing the fulfilment of the unmet need for family planning services.

In the current demographic scenario, priority is given to increasing the Modern Contraceptive Prevalence Rate (mCPR), promoting the healthy timing and spacing of pregnancies, enhancing maternal and child health outcomes, and encouraging informed reproductive choices. Special emphasis is also placed on increasing male participation in family planning, including the promotion of Non-Scalpel Vasectomy (NSV), ensuring gender-equitable family planning services and strengthening fertility services to address the State's low Total Fertility Rate (TFR) of 1.3 while ensuring demographic sustainability.

The remarkable success of the Family Welfare Programme in Tamil Nadu is largely attributed to the State's strong social and political commitment, supported by a robust administrative framework and effective interdepartmental coordination.

Table 1: Human Resources in Family Welfare Directorate

Sl.No.	Name of the Servicing Units	Total Sanctioned
1.	State Family Welfare Bureau(SFWB)	136

	<24 Months	20.7	19.5
	Between 24-36 Months	25.8	27.3
	>36+Months	53.5	53.3
7.	Unmet Need (%) (2019-21-NFHS-V)	9.4	7.5
8.	modern Contraceptive Prevalence Rate (mCPR%) (2019-21-NFHS-V)	56.5	65.5
9.	Total Fertility Rate-2024 (SRS)	1.9	1.3

Source: SRS – Sample Registration System 2024
NFHS – National Family Health Survey

As per NFHS–National Family Health Survey

- mCPR has increased from 45.2% (1992-93) to 65.5% (2019-21) as a result of effective Family Welfare Services.
- Unmet Need has significantly reduced from 14.6% (1992-93) to 7.5% (2019-21) as a result of Family Welfare IEC activities, Increase in Service Provisions and ensuring availability of Family Welfare Commodities through FPLMIS-DVDMS Online Portal.

Activities

- Periodical inspection by Designated Officers / Food Safety Officers in the Food Manufacturing units, storage chambers, Distribution places and selling places to prevent selling of adulterated food.

- Hotels and Canteens are being inspected for cleanliness and the workers are given training to handle food hygienically and to prepare safe food.
- Noon meal Centres, Anganwadi Centres are inspected regularly and the workers are trained in providing safe and hygienic food to the children and to keep the premises clean and tidy. Hostels are inspected regularly, awareness given to provide safe food to the students.
- Periodical awareness meetings are conducted to Food Business Operators and consumers and their defects are rectified. Food safety Act 2006, is being implemented in co-operation with the Food Business Operators and Consumers.
- Issuing the License/Registration Certificate to the Food Business Operators including street vendors is the basic responsibility of this department 1,44,864 Licenses and 6,79,295 Registration Certificatesare active up to March, 2026.
- Periodical inspections are being made in all the manufacturing, storage and selling places by Designated Officers / Food Safety Officers. During 2025-2026, Enforcement Food Samples of 44,603 were analysed and legal actions taken as follows:
  - 1,615 Adjudication Cases filed before Adjudication Officers (District Revenue Officers) against the food business operators and judgment given for 1,393 cases. Penalty amount imposed in Rs.1,50,12,150/-.
  - 1,243 criminal cases files against the food business operators in Judicial Magistrate Court and judgment given for 900 cases. Penalty amount imposed in Rs.2,34,29,000/-.
- Follow up of samples, if reported as Unsafe / Misbranded / Substandard, filing of Civil and Criminal cases are being executed.
- Food products such as Milk, oil, Tea, water, fruits, vegetables, and masala products are monitored periodically and analysed for adulteration by lifting samples.
- To ensure hygiene in slaughter houses periodical inspection are carried out.

- Tamil Nadu Food Safety Appellate Tribunal was formed and started functioning from February, 2019. Presiding Officer, Registrar and Assistant Public Prosecutor Grade I are posted in this Tribunal. 38 appeals have been presented during the year 2025-2026.
    - No. of appeals taken– 31
    - No. of cases decided –26
- The Whats App Mobile Number 9444042322 is in force from May 2017 as complaint redressal system to obtain the complaints from public. April 2025 to March 2026, 8,680 Complaints have been received from public and action taken through the food safety Officials within 24 to 72 hours.
- In exercise of the powers conferred U/s 30(3) of Food Safety and Standards Act, Designated Officers have been empowered from 01.12.2019 and revised guidelines issued on 04.01.2024 to impose penalty not more than Rs.1,00,000 to compound offence committed by the Food Business Operators whose turnover is less than Rs.12 lakh per annum and eligible for Registration Certificate (RC) under the Act with effect from 01.12.2019. From 01.04.2025 to 31.03.2026, Rs.44,12,38,000 have been imposed as penalty for 23,669 defaulters.
- Six Food Laboratories are functioning at Chennai, Thanjavur, Madurai, Salem, Coimbatore and Palayamkottai for testing food samples.
- During 2025-2026, 408 "Eat Right Campus" schools have been certified so far.
- During 2025-2026, 2,01,785 Food Safety supervisors were trained under the Food Safety Training and Certification (FoSTaC) Programme.
- As per the guidance of the Food Safety Standards Authority of India (FSSAI), hotels and restaurants are certified under "Hygiene Rating" scheme through pre-auditing, training and post auditing.

During this year, 11,237 Food Business Operators obtained "Hygiene Rating" certifications and others are under process. The programme will be continued on regular basis.

- Blissful Hygienic Offering to God (BHOG) is an initiative of FSSAI to encourage Places of Worship (PoW) to adopt and maintain food safety and hygiene while preparing Prasad to ensure that safe and wholesome Prasad is received by devotees. The Food Safety Department is keen to take the BHOG project forward to reach the objective of safe food for all in Tamil Nadu and roll out BHOG project to all PoW across Tamil Nadu. During 2025-2026, 196 temples have been issued BHOG after the pre-audit, training and final audit process.

CHAPTER – 12

DIRECTORATE OF DRUGS CONTROL

Introduction

- The Directorate of Drugs Control functioning under the administrative control of "Commissioner of Food Safety and Drug Administration Department".
- The Drugs Control of the State of Tamil Nadu is headed by the Director of Drugs Control, to ensure that the drugs that are made available to the public, who use them for prevention, mitigation or treatment of diseases are of the required standards of quality, purity and strength, at right price.

Licensing Activities

- The Licensing Authority grant the licence for manufacture of allopathic drugs, Class A and Class B Medical Devices and homoeopathic drugs. Further, licensing authority issues approval for analytical laboratory of drugs, Blood centres, Blood Storage Centres, Cosmetics and also for Recognized Medical Institutions.
- The Licences are issued after the Joint Inspection by the Senior Drugs Inspector/ Drugs Inspector of the State Government and Central Government.
- The manufacturing licenses for certain special categories of drugs such as vaccines, large volume parenteral (above 100 ml.), etc., are issued by the Licensing Authority, along with the approval of the Central Licence Approving Authority of the Government of India, after Joint Inspection by the Senior Drugs Inspector / Drugs Inspector of the State Government and the Central Government.
- Licenses for manufacture of Class A and Class B medical devices were issued based on report of Notified Bodies.

- Licenses for manufacture of Cosmetics were issued and compliances were verified by Senior Drugs Inspectors / Drugs Inspectors of State Government.
- The grant and renewal of Blood Centre licences are being jointly issued by the Licensing Authority, appointed by the State Government and the Central Licence Approving Authority of the Government of India after Joint Inspection by the Senior Drugs Inspector / Drugs Inspector of the State Government and the Central Government.
- Licences are being issued for sales for drugs through online portal viz., Tamil Nadu Single Window Portal (TNSWP).
- Totally 25 Zones, headed by Assistant Directors of Drugs Control are functioning under this Directorate. They are the Licensing Authorities for grant of sale of licences for Allopathic drugs, Homoeopathic Medicines and Medical Devices.
- There is an Intelligence Wing in this Directorate to attend complaints received from the public and to carry-out special raids and investigations in northern region of the State.
- There is also a Mobile Squad at Madurai to do the above said work in southern region of the State.
- There are two Drugs Testing Laboratories in Chennai and Madurai which undertakes the testing of samples drawn by the Senior Drugs Inspectors / Drugs Inspectors of northern and southern districts of the state respectively.
- The Drugs Testing Laboratory, Chennai has the capacity for analysing 10,000 samples per year and the Drugs Testing Laboratory, Madurai has the capacity for analysing 5,000 samples per year.

Objectives of Directorate

- The Drugs Control enforces the following enactments for regulating the Manufacture, Distribution and Sale of Drugs including Medical Devices and Cosmetics.

1. The Drugs and Cosmetics Act, 1940.
2. The Drugs Rules, 1945.
3. The Drugs and Magic Remedies (Objectionable Advertisements) Act, 1954.
4. The Drugs and Magic Remedies Rules, 1955.
5. The Drugs (Prices Control) Order, 2013.
6. The Medical Devices Rules, 2017.
7. The Cosmetics Rules, 2020.
8. The Drugs and Cosmetics (Compounding of Offences) Rules, 2025.

Monitoring Activities

The Directorate of Drugs Control monitors the quality, safety, efficacy and rational use of drugs at controlled prices and misleading advertisements of Drug / Medical Devices to safeguard the unwary public and also monitors collection and supply of safe blood and blood components. This Directorate also monitors the quality of cosmetics.

Number of criminal cases launched for the manufacture and sale of Not of Standard Quality & Spurious drugs	87	125
Number of product endorsements of drugs suspended on account of Not of standard Quality	52	38
Number of product endorsements of drugs cancelled on account of Not of Standard Quality	3	6
Number of sales licenses cancelled	42	43

Special Activities conducted to Strengthen the Enforcement activities of this Directorate (2025-2026)

1. A public awareness notice was given by this Directorate to create awareness among the misuse of Nicotine oral pouches.
2. Prosecutions were initiated against the seller & online platforms for sale of nicotine oral pouches, for the first time in India.
3. Prosecutions were initiated against the online sales of Prescription Drugs without Prescription by deploying decoy in several online portals.
4. To prevent the misuse of sale of habit-forming Drugs, flying squads were formed and actions were taken periodically.
5. Prosecutions initiated for the misuse of weight loss drugs.

Revenue generated by this Directorate (2025-2026)

- Receipts by the way of penalties collected through the court prosecutions launched by this Directorate : Rs.1,06,20,214/-
- Receipts by the way of fees for licence approvals : Rs.9,28,05,226/-

CHAPTER – 13

TAMIL NADU STATE HEALTH TRANSPORT DEPARTMENT

Tamil Nadu State Health Transport Department is responsible for maintaining the health department's fleet, playing a vital role in maintaining safety standards and ensuring operational reliability.

Main activities undertaken

i. To render services, execute repairs within the prescribed time frames with prudent use of Material and Man Power resources.

ii. To provide single window robust Grievance Redressal and feedback programmes for the vehicle users.

iii. To offer technical support to the concerned departments while customising and designing special purpose vehicles.

iv. To promptly dispose all condemned vehicles including 108 Ambulances and Free Hearse Service Vehicles through e-Auction.

v. To act as a repository of all data related to vehicles maintained.

Inception of the department

For the exclusive maintenance of Health Department vehicles, State Health Transport Organization, based on an all-India pattern was established in the year 1971 with a Central Workshop, 3 Regional Workshops and 15 Mobile Workshops. The organization was made as a separate Directorate in the year 1981 to enhance and expand its service capabilities.

Present Network of departmental workshops

The departmental workshops are established all over the state to ensure uniform, efficient and accessible service delivery.

Sl. No.	Regional Workshops (7)	District Workshops (9)	Mobile Workshops (29)	Mini Workshops (9)
1.	Chennai	Chengalpattu	Chennai (South) Chennai (North) Chengalpattu Kancheepuram Tiruvallur	DMS Campus, Chennai Poonamallee

The average age of vehicles in the maintenance fleet is 12.8 years.

Sl. No.	Age	Number of vehicles
1.	0-5 years	660
2.	6-10 years	477
3.	More than 10 years	1,789
Total		**2,926**

Departmental Performance Metrics (2025-2026)

Repair jobs Undertaken

All kind of repairs including major body and engine repairs were undertaken in the departmental workshops and the vehicles were delivered in minimum downtime within the fixed time frames.

Total Number of repair jobs undertaken in the departmental workshops in the year 2025 - 2026	:	2,823

Periodical Service provided:

Periodical service was rendered to all the vehicles at regular intervals by replacing wornout items to prolong the life of components and also to avoid premature failure.

Total Number of service jobs attended in the year 2025-2026	:	18,964

Number of Tyres, Batteries replaced and Oil changes made

Replacement of Tyres and batteries were made in a timely manner for maintaining vehicle safety and preventing unexpected roadside breakdowns. It was made sure that no vehicle in the fleet maintained was kept offroad due to want of a tyre or a battery. Engine oils were changed in all the vehicles at prescribed intervals to ensure optimal lubrication, engine longevity and peak performance.

Number of new tyres replaced in the year 2025-2026	:	1,553
Number of batteries replaced in the year 2025-2026	:	730
Number of Oil changes made in the year 2025-2026	:	2,827

Feedback programme

Through a dedicated Feedback Programme, the head office contacted every driver who had availed services in the departmental workshops to ensure service quality and address any concerns.

Total Number of calls made and feedback obtained (in the year 2025-2026 upto March)	:	2,632

HICORP (Health department vehicles Information and Complaint Redressal Programme)

All complaints received through this first of its kind single window complaint redressal programme were resolved and completed within the stipulated period.

Volume of complaints received and successfully resolved (in the year 2025-2026 upto March) : 42

Condemnation and disposal of vehicles

Aged and worn-out departmental vehicles, 108 Ambulances and Hearse vehicles that were uneconomical to operate were identified, condemned and promptly disposed of through e-Auction.

Total Number of vehicles condemned and disposed (in the year 2025-2026 upto March) : 525

Professional Assistance

The department assisted in the design and fabrication of special purpose vehicles like Mobile Mammogram Vehicles / Women Wellness on Wheels. With the expertise in managing a large fleet, the department provided technical guidance to various directorates to arrive at precise technical specifications during new vehicle procurement.

Fleet Utilisation

Through implementation of a proactive maintenance strategy, optimizing spare parts inventory and by rigorous monitoring of all the activities undertaken in departmental workshops via an In-house customized database, the department achieved a consistent 98 % fleet utilization rate, ensuring faulty vehicles were repaired and returned to healthcare service within the strictly enforced time frames.

CHAPTER – 14

MEDICAL SERVICES RECRUITMENT BOARD

Medical Services Recruitment Board was constituted in the year 2012 exclusively for filling up the vacancies of Medical and Para - Medical Posts in Health and Family Welfare Department.

The Medical Services Recruitment Board conducts recruitments transparently by advertisement in the Newspapers, collecting the applications on-line and publishing the results in the Medical Services Recruitment Board's Website.

The following are the methods of recruitment.

1. Computer Based Test (Online Method)
2. Weightage Method (based on Marks scored by the candidates in their academic performance and technical Qualification)

The Selection of Candidates are purely based on marks scored. No oral test is conducted for any of the recruitment posts. Communal roster policy & the Service Rules are adhered to with utmost care and transparency at every stage of the recruitment process. There is no face to face interaction with the candidates till their results are published.

Annual Performance of Medical Services Recruitment Board:

The Medical Services Recruitment Board has so far recruited 48,083 Candidates for 51 categories of posts which includes 19,673 Assistant Surgeons, 13,294 Nurses, 15,116 para Medical staff till 31.03.2026 as below.

Table 1: From 06.02.2012 to 31.03.2013

System Improvements

- Since, 05.01.2025, the Board is conducting the Computer Based Test examination in Single Session only.
- The Medical Services Recruitment Board's Website has been migrated from National Informatic Centre to State Data Centre for instant updates on notifications, Results, syllabus, G.Os, Hon'ble Court Judgments etc.,
- Exclusive Integrated Mobile app "Thervukkalam''was launched to get updates on Recruitments.

CHAPTER – 15

TAMIL NADU STATE AIDS CONTROL SOCIETY

Tamil Nadu has been successful in bringing the HIV/AIDS prevalence rate to 0.16%, with an effective leadership, efficient administration with the help of civil Society, Non-Government Organisations and commitment of all the stake holders. The annual budget to Tamil Nadu for the year 2025-26 is Rs.12000.00 lakh and funds of Rs.11,054.45 has been received from NACO and Rs.11,051.90 lakh has been utilised for the following programmes.

Sexually Transmitted Infection / Reproductive Tract Infection Services:

The total of 7,98,424 clients have been provided in STI / RTI services against the annual target of 8,11,840 during the financial year 2025-2026. (i.e. April 2025 to March 2026).

The approved budget for the programme for the year 2025-26 is Rs.411.24 lakh, out of which, an amount of Rs.397.42 lakh has been spent up to March 2026.

Basic Service Division - Human Immuno-Virus Counselling and Testing Services: (HCTS):

In Tamil Nadu, there are 3,002 Integrated Counselling and Testing Centers in the name of "Nambikkai Maiyam" providing HIV Counselling and testing services. A total number of 23.59 lakh General clients and Rs.9.52 lakh of Antenatal Mothers have been counselled and tested in these centers for the period 2025 – 2026 (April 2025 - March 2026).

The approved budget for the programme for the year 2025-26 is Rs.3585.12 lakh, out of which, an amount of Rs.3062.75 lakh has been spent up to March 2026.

Care, Support and Treatment

Life long free Anti-Retroviral drugs and Opportunistic Infection drugs are being provided through Anti-retroviral Treatment centers for all persons diagnosed with HIV positive at ICTCs. Baseline investigations, Counseling Services, Referral & linkage to Social benefit schemes are also provided to all PLHIVs. Currently, around 1,37,262 HIV/AIDS patients are taking Antiretroviral treatment through 86 Anti Retro Viral treatment centers (including ART Centers in Private Medical College Hospitals) & 172 Link Antiretroviral treatment centers (Link ART Centres).

The approved budget for the programme for the year 2025-26 is Rs.2,633.26 lakh, out of which, an amount of Rs.2,045.38 lakh, has been spent up to March 2026.

Prevention Services (Targeted Intervention)

As per the approved Annual Action Plan 2025-26, totally 87 Targeted Intervention programme are implemented through Non-Government Organizations / Community Based Organizations. With an aim to create awareness among High Risk & Vulnerable population and to prevent HIV/AIDS, provide medical services and social benefit schemes. Targeted Intervention projects are implemented through Non-Government Organizations / Community Based Organizations among Female Sex Workers (FSW), Men having Sex with Men (MSM), Injecting Drug Users (IDU), Transgender (TG), Migrant and Transport Workers etc.

Link Workers Scheme

To provide prevention-to-care continuum of services to rural based High Risk Groups, vulnerable population and bridge population (Migrants and Transport Workers) through the Link Workers Scheme which is implemented in 17 districts and 100 villages selected based on the epidemiological profile and their HIV related services. As per the approved Annual Action Plan 2025-2026, 17 LWS Programme were sanctioned and are ongoing.

The approved budget for the Prevention Services (TI and LWS) for the year 2025-2026 is Rs.2798.33 lakh, out of which, an amount of Rs.2343.96 lakh has been spent up to March 2026.

Information, Education and Communication

The Information, Education and Communication activities are an integral part of all awareness activities of Tamil Nadu State AIDS Control Society. These activities tend to motivate behavioural changes in a cross-section of specific population, reduction of stigma and discrimination and demand generation for HIV/AIDS and STI services. Dissemination of messages related to HIV and STI awareness through Social Media, Mass Media, Outdoor activities and Folk media awareness activities are planned and disseminated to the General public, Youth and the Target groups.

The approved and allotted budget for the IEC programme for the year 2025-2026 is Rs.711.76 lakh and the same amount has been utilized up to March 2026. The additional amount of Rs.23.92 lakh, has also been incurred under the head of account of Global fund up to March 2026.

Mainstreaming

Under mainstreaming HIV/AIDS response, front line workers and personnel from various departments, Civil Society Organizations and Corporate sector have been sensitized on HIV/AIDS and STI awareness.

Greater Involvement for the People Living with HIV/AIDS

Tamil Nadu State AIDS Control Society has envisaged building of experience by strengthening the organizations of People Living with HIV at the State and the District level by promoting Greater Involvement for the People Living with HIV/AIDS through sensitizing the implementing agencies (Government, Public, Private Sectors and Civil Society) and created an enabling environment for enhanced involvement of People Living with HIV in the State, are mentioned as follows:-

- ❖ People living with HIV/AIDS are working as staff in Integrated Counselling and Testing Centers and Anti-Retro viral Treatment Centers and Drop-in-Centers.
- ❖ Establishment of Network for People Living with HIV / AIDS in all the districts.
- ❖ Improving skills of People Living with HIV as positive speakers at the district level by providing capacity building training.
- ❖ Tamil Nadu is the forefront State in providing social benefit schemes for the People Living with HIV / AIDS and also to the Children living with and affected by HIV.

Red Ribbon Club

Red Ribbon Club programme in 2,379 Colleges has been formed among the College Students to raise HIV/AIDS & STI awareness and risk perception, behavioural changes among them by awareness programmes. This programme covers Arts and Science, Polytechnic, Engineering, Medical, B.Ed Colleges and Teacher Training Institutions.

Life Skill Education Program in schools

Life Skill Education Programme in schools is being conducted through State Council of Educational Research and Training are covered in 9,930 schools.

Tamil Nadu Trust for Children Affected with HIV/AIDS (TNTCAA)

With a view to provide welfare measures to the children affected and infected by HIV/AIDS, Tamil Nadu Trust for Children (TNTCAA) affected and infected by AIDS was established during the year 2009-2010, with a corpus fund of Rs.5.00 crore which has been deposited in Tamil Nadu Power Finance Corporation. The financial assistance was provided up to 18 years of children infected and affected by HIV/AIDS to meet out their nutritional, educational and medical needs every year from the Interest amount accrueded from this deposit amount from the year 2009-2010 to 2024-2025. During the year 2025-2026, Government of Tamil Nadu has sanctioned monthly financial assistance of Rs.1000/- to Children infected and affected by HIV/AIDS.

An amount of Rs.7.75 crore has been released as financial assistance to the Children affected and infected by HIV/AIDS from which 8044 children were benefitted every month from June 2025 to March 2026 for the financial year 2025-2026.

Drop in Centers for People living with HIV/AIDS

The State Government of Tamil Nadu has sanctioned Rs.296.82 lakh for the functioning of 34 Drop-in-centers in 32 integrated districts (3 in Chennai) during the financial year 2025-2026. The following are the activities and services rendered by the Drop-in-center' project:-

Table 1: Details of HIV/AIDS Beneficiaries (April 2025-March 2026)

Sl. No.	Services provided to the PLHIVs	Number of Persons
1.	Providing psychosocial support to PLHIVs	9,024
2.	Providing sustainable counselling and support services	66,024
3.	Linking with Government Welfare schemes	7,333

Achieving 100% Collection of Blood from Voluntary non remunerated Donor and enhancing the National usage of Blood and Blood Components is the main aim of Blood Transfusion Service. 101 Government Blood Centres is functioning in the Government Medical Institutions in the districts are supported by Tamil Nadu State Blood Transfusion Council.

Institutions	Total
Government Blood Centres	101
Private Blood Centres	263
Central Government Blood Centres	8
Government Blood Component Separation Units	47

Physical Achievements

Tamil Nadu is one of the leading States in Voluntary Blood Donation. As an significant note due to conscious efforts of the State, against the target fixed for the financial year 2025-26 the percentage of Voluntary Blood Donation is 118% for all the blood centres and 103% for Director General of Health Services (DGHS) Supported Blood Centres till March 2026.

Total Blood Collection	Target	Achievement for the year 2025 – 2026 (upto March 2026)	Percentage of Target
All Blood Centres (Government & Private)	8,10,000 units	9,53,638	118%
DGHS supported Blood Centres	4,50,000 units	4,51,324	103 %

CHAPTER – 16

TAMIL NADU DR. M.G.R. MEDICAL UNIVERSITY

Introduction

Tamil Nadu Dr. M.G.R. Medical University, established under the Tamil Nadu Dr. M.G.R. Medical University Act, 1987, has been functioning since July 1988 and continues to be one of India's largest medical universities. The University coordinates medical, dental, AYUSH, nursing, pharmacy and allied health science institutions across Tamil Nadu.

Institutional Performance Overview

Affiliated Institutions and Student Strength

- 844 affiliated institutions across Tamil Nadu.
- Approximately 2,00,000 students enrolled.
- Programmes covering Medical, Dental, AYUSH, Pharmacy, Nursing, Physiotherapy, Occupational Therapy and Allied Health Sciences.

Table 1: Course wise Number of Institutions

Category	Institutions
Medical	64
BDS	23
Ayush (Indian Medicine)	58
B.Pharmacy	115
B.Sc Nursing	284
Physiotherapy	58
Bachelor of Occupational Therapy	13
Allied Health Science	229
Total	**844**

The University continues to remain the only medical university in Tamil Nadu authorized to grant affiliation to new medical and allied health institutions.

Research and Development Performance

Major Research Infrastructure Initiatives

Paediatric Post Graduate Institute of Medical Education and Research (PPGIMER)

- Government approval obtained for establishment at King Institute of Preventive Medicine campus.
- Estimated project cost: Rs.338.70 crore.

Digital Infrastructure Strengthening

- 370 computers procured for 37 Government Medical Colleges.
- Total expenditure: Rs.3.01 crore.

Printer Procurement

- 25 printers supplied to Government Medical Colleges.
- Expenditure: Rs.49.26 lakh.

Multi-Disciplinary Research Units (MDRUs)

- Infrastructure development fund released: Rs.1.26 crore.
- Additional operational and research support released: Rs.23.73 crore.

Smart Lecture Hall Modernization Lecture halls upgraded with:

- Smart boards
- Audio-visual systems
- Air conditioning
- Computers and printers
- Video conferencing facilities

- High-speed internet Phase-I approval: Cost: Rs.2.52 crore.
    - 250 computers and 25 printers
- Remaining allocation for Phase-II: Rs.47.47 crore.

Theme-Based Research (TBR) Initiative

The University successfully continued the Theme-Based Research initiative during 2025–2026.

Research Themes

- Artificial Intelligence and Digital Transformation in Healthcare
- Integrated and Personalized Healthcare
- Sustainable and Technology-driven Public Health

Financial Support

- Research grants ranging from Rs.2 lakh to Rs.10 lakh.
- Extended support up to Rs.20 lakh for high-impact projects.

Outcomes

- Nearly 75 research papers published in reputed journals.
- 5 patents currently under filing.

Public Health Research Achievements

Tribal Health Research

A community-based study on Non-Alcoholic Fatty Liver Disease (NAFLD) was initiated in the Jawadhu Hills region during 2025.

Key Outcomes

- Demonstrated feasibility of doorstep healthcare services.
- Improved public acceptance through integration with the "Makkalai Thedi Maruthuvam" scheme

Climate Change and Health Study

Conducted jointly with:

- National Institute of Epidemiology
- India Meteorological Department

Scale

- 3,200 participants across Tamil Nadu.

Major Recommendations

- Early warning systems
- Heat-health surveillance
- Protection for vulnerable populations
- Climate-resilient public health planning

Innovation and Startup Ecosystem

Health Hackathon 2025

The University organized a large-scale Health Hackathon in collaboration with StartupTN and partner institutions.

Objectives

- Promote innovation
- Encourage interdisciplinary collaboration
- Develop technology-driven healthcare solutions

Prize Distribution

Prize	Amount
First Prize	Rs.1,00,000/-
Second Prize	Rs.50,000/-
Third Prize	Rs.25,000/-

This initiative significantly strengthened the University's innovation ecosystem.

Student Research and Fellowship Programmes

Short-Term Studentship (STS)

The University launched its own STS programme inspired by ICMR initiatives.

Objective

- Encourage undergraduate research.
- Promote evidence-based and community-oriented studies.

Ph.D. Fellowship Programme

Financial assistance provided

Year	Amount
First Year	Rs.30,000/- per Month
Second Year	Rs.40,000/- per Month
Third Year	Rs.50,000/- per Month

Ph.D. Programme Performance

Research Supervisors and Centres - During 2025–2026:

- 95 new Ph.D. guides/co-guides approved.
- Total approved guides increased to 418.
- 4 new Ph.D. departments approved.
- Total recognized Ph.D. centres increased to 104.

Ph.D. Examinations

Candidates Appeared

- January 2025 Session: 64
- July 2025 Session: 57
- Total: 121

Candidates Registered

- January 2025 Session: 53
- July 2025 Session: 35
- Total: 88

Publication and Knowledge Dissemination

From 01.04.2025 to 31.03.2026:

- 282 Ph.D. theses uploaded to University dedicated website.

Discipline-wise Distribution

Discipline	Number
Medical	149
Dental	3
Pharmacy	99
Nursing	27
AYUSH	3
Physiotherapy	1

University Research Day 2025

Research Abstracts Received

- Total abstracts submitted: 1,164.

Best Researcher Awards

Category	Award
Faculty Members	24
Post Graduate Students	16
Under Graduate Students	19
Total	**59**

Best Outgoing Student Awards

- 25 students recognized.

Best Institution Awards

Category	Institution
Best Institution Award	16
Promising Institution Award	17
Emerging Institution Award	14
Total	**47**

Academic and Curriculum Reforms

A training programme on Emergency Care Skills covering Advanced Life Support (ALS), Basic Life Support (BLS), Good Clinical Practice (GCP), and Good Laboratory Practice (GLP) was conducted for stuents, faculty members and healthcare professionals.

Newly Introduced Academic Programmes

The University introduced and developed curricula for:

- D.M. in Cardiac Anaesthesia
- M.Sc. in Oncology and Neurology
- Advanced Physiotherapy Programmes
- Geriatric Mental Health Programmes
- Addiction Psychiatry
- Child and Adolescent Psychiatry

Online Certificate Courses

Launched during January 2026:

- Digital Health
- Plasma Exchange in Poisoning

Research Methodology Programme

Weekly mandatory programmes introduced for:

- Research methodology
- Biostatistics
- Scientific writing
- Data analysis

Conferences and Academic Events

Major events conducted during 2025–2026 included:

- Artificial Intelligence in Healthcare Workshop
- Intellectual Property Rights Workshop
- International Homeopathy Conference 2025
- International Siddha Conference on Public Health
- Digital Era Naturopathy Conference
- International Yoga Day 2025
- Pediatric Quiz Competition
- Emergency and Critical Care Virtual Conference

These events enhanced interdisciplinary learning, innovation and global academic collaboration.

Infrastructure Development Proposals

Proposed Research Centres

- Proposal to establish 5 University Research Centres.
- Estimated cost: Rs.25 crore.

Guest House Expansion

- Proposal to construct 3 additional floors.
- Estimated cost: Rs.21 crore.

Advanced Simulation Laboratory

The University proposed establishment of a high-end simulation laboratory to support:

- Clinical training
- Simulation-based learning
- Multidisciplinary research

Medical and Diagnostic Services

The University continues to provide:

- Siddha OPD services
- Free blood component support to Government Hospitals
- Diagnostic testing services
- NABL-accredited HIV National Reference Laboratory services
- Research guidance and statistical support for students

Memorandum of Understanding (MoUs)

MoUs signed with:

- University of Jaffna
- Indian Society of Emergency Medicine
- Apex Skill Laboratory
- Christian Medical College, Vellore

These collaborations aim to strengthen Research:

- Skill development
- Biomedical sciences
- Training and academic exchange

Overall Performance Assessment

Key Strengths

- Strong expansion in research activities.
- Significant investment in infrastructure modernization.
- Growth in interdisciplinary and AI-driven healthcare research.
- Strengthened postgraduate and doctoral ecosystem.
- Enhanced student participation in innovation and research.
- Increased national and international academic collaborations.

Major Achievements

- 75 research publications.
- 5 patents under filing.
- 282 theses uploaded.
- 1,164 research abstracts received.
- Rs.93.19 lakh secured under CMRG scheme.
- Rs.1 crore national research grant obtained.

Conclusion

Tamil Nadu Dr. M.G.R. Medical University demonstrated substantial progress during 2025–2026 in academics, research, innovation, infrastructure and public health initiatives. The University's emphasis on technology-enabled healthcare education, interdisciplinary research, public health outreach and student innovation has strengthened its position as a leading medical university in India.

The institution continues to align its academic and research activities with national healthcare priorities and the vision of "Health for All" while preparing future healthcare professionals through modern, research-oriented and socially responsible education.
